

Eighteen candidates presented themselves for examination, one of them, Mr. Duquet being aged 55 years could not be admitted to examination.

The commissioners present the list of candidates examined with the note given to each one.

The subjects were divided into written and oral examinations.

The first are :

Composition (in the language of the candidate),
Arithmetic,
Education Laws,
Geography;
English translation,
English theme,
History of Canada.

The second are :

Pedagogics,
Agriculture,
Building of school houses and school statistics.

Language was considered in the oral examination and separate points were given in consequence. The notes for all subjects were 1, 2 and 3, with an exponent (2) added to the figure 1 denoting the note *very good*.

It was decided 1st. that the note *with great distinction* should be given to those candidates only who had obtained the figure 1 with its exponent on all the subjects of examination.

2nd. That the note *with distinction* to those only who had obtained more figures 1 than 2: the figure 1 however being obligatory for composition. Figure 1 with an exponent would cause as many figures 2 to count as figures 1.

That the note *insufficient* should be given to all who had obtained figure 3 on some of the subjects; and the note *sufficient* to those who not having figure 3, had not however any of the qualifications to obtain the two first notes. The foregoing conditions were adopted provisionally. The Commissioners would wish to be authorized to hold a special meeting to settle this matter so as to publish it before next examination. Three days were employed by the commission with several sessions each day, the two first days being taken up by the examination, which was held according to University rules, the candidates having been separated from all outside communication, in charge of one of the members of the commission, or of the Secretary.

The Commissioners having learned that it was the intention of the Council to indemnify them and their Secretary out of the fees paid by candidates, deem it right to recommend that such indemnity be not limited by the amount of said fees, as it may leave them open to the accusation of being too lenient, so as to augment the number of candidates.

They are of opinion that such indemnity should be ten dollars for each day of meeting, travelling expenses extra, and that their Secretary receive the same fee.

The whole respectfully submitted.

PIERRE J. O. CHAUVEAU,
Chairman.
