BRIEFLETS.

Rev. Fathers Corbeil and Poulin were in town last week.

Rev. Frs. Poitras and Lecoq, O. M. I., visited St. Boniface and Winnipeg on business last week.

Rev. Fr. Coutlee, O.M.I., who has been recruiting at St. Boniface Hospital, is now fully convalescent.

The Rat Portage News, thanks to the enterprise of its editor, Mr. Chapman, has lately appeared as a daily.

Mr. Victor Mager, having slipped and sprained his ankle, is receiving treatment at our Catholic hospital.

A full report of the first regular meeting of the Newman Literary Guild is unavoidably held over till our next issue.

Very Rev. Father Leduc, O.M.I., V.G. of St. Albert, who accompanied Bishops Pascal and Legal, is a guest at the Archbishop's palace.

Rev. Fr. Tourangeau, S.J., attended St. Cuthbert's Church, Portage la Prairie, last week and sang High Mass at the Immaculate Conception, Winnipeg, last Wednesday.

His Lordship Bishop Denville, O. M. I., who was expected here last Saturday, stopped at Calgary for a couple of days. The Right Reverend arrives to-day.

Read Idris' Impressions of Mr. Pedley's lecture. He has managed to group under that innocent heading a great many of those stubborn facts which Protestant historians would fain ignore.

The two receptions of His Grace and the visiting prelates at St. Mary's Academy yesterday and at Provencher Academy last evening were redolent of cordiality and good taste.

This evening the St. Boniface students of the Junior and Senior B.A. years will give a philosophical entertainment in French, English, and Latin, under the patronage of His Grace and the visiting Prelates.

Although we credit the Impressions of Rev. H. Pedley's lecture to the Rat Portage Daily News, our version is completed from the author's manuscript, several passages of which were omitted by the Lake of the Woods editor.

This afternoon the pupils of Tache Academy are tendering a charming reception to the Most Reverend Archbishop and his suffragan bishops. A similar reception will take place to-morrow afternoon at three o'clock at the Indian Industrial School.

We learn from the Brandon (Miss.) News that the Governor of Mississippi is accused of eating greens (turnip greens) with a knife. A similar rumor was once brought abroad ament the prime minister of one of our Canadian provinces, but we are credibly informed that he is living

down the rumor by rigidly denying to all knives any entrance to his capacious month.

Mr. D'Anbighy d'Assy, of Ste. Rose du Lac, was in Winnipeg recently, making purchases for his new general store.

Rev Sister Dugas, Superior of St. Boniface Hospital, has been seriously ill these last few days and is now improving.

On the morning of the feast of the Immaculate Conception, in the beautiful chapel of St. Mary's convent, Winnipeg. His Lordship Bishop Pascal, O.M.I., conferred the holy order of deaconship on the Rev. Emmanuel Garon.

The annual ceremony of the renewal of vows took place at St. Mary's convent in the afternoon of the feast of the Immaculate Conception. His Lordship Bishop Pascal, O.M.I., presided and preached, to the assembled community of the Sisters of Jesus and Mary, a most eloquent sermon.

It is proposed to hold a special meeting of the Historical and Scientific Society on Thursday evening, Jan. 13th., when the president will read a paper on "The Fishes of Manitoba," "Fisher's Yarn," and Rev. W.A. Burman will give another, dealing with "The Birds to be Found in and near Winnipeg."

The published statement that the money collected for a chime of bells for the church of the Immaculate Conception, had been devoted to the support of schools, is incorrect. Rev. Father Chierri states that the money has been placed in the bank and will be held in trust and not used for any other purpose than that for which it was donated.

Rev. Father J. A. Magnan, O.M.I. of Fort Alexander, met with a serious accident while driving. He was severely bruised about the ribs. The accident might have been dangerous, had not the Rev. Father's crucifix received the brunt of the blow from a tree stump against which his sled was hurled. He is now recovering at St. Boniface hospital.

On Thursday morning last a solemn Requiem Mass was sung in St. Mary's convent chapel by Rev. Father George, O.M.I., for the repose of the soul of Anna Prud'homme, who was a beloved pupil of that institution. At the Gospel, Father George spoke so touchingly of the virtues of the dear departed one that all the Sisters and many of the pupils were in tears.

Lieut.—Governor J. C. Patterson, of Manitoba, seems to be able to be chummy with every body on all sides of politics. When an ex-president of the Ontario Conservative association and Conservative ex-minister of militia stays with Laurier and travels with Tarte, it is just like two lions and a lamb lying down together.—OTTAWA JOURNAL.

Police business is very dull. The mill of justice on James Street has shut down for want of patronage. Not even a drunk appeared before Magistrate Peebles this morning and there was in consequence no session of the police court, a thing which has not happened for months. A few unfortunates are still in durance vile at the police headquarters, but no arrests have been made for three days.—Free Press, Dec. 10.

To-morrow evening the students of St. Boniface College will entertain His Grace and Their Lordships Bishop Pascal, Legal and Denville, O.M.I., with a dramatic and musical seance. The first part will be a drama in French verse, "Nuit d'Orange," by Rev. H. Tricard, S.J.; the second, an operette-bouffe, "Quand on conspire," by Antony Mars. The tragic emotions of the former followed by the ringing treble voices of the actors the latter will furnish forth a varied and charming treat. The plan of the College Hall is at Mr. Prud'homme's store, St. Boniface.

The High Mass at the Cathedral last Sunday was celebrated by His Lordship the Right Rev. A. Pascal, O.M.I. An instructive and edifying sermon on Truth was preached by His Lordship the Right Rev. Em. Legal, O. M. I. After Mass, Hon. Senator Bernier read a fine address of joy at His Grace's recovery and of welcome to the visiting prelates. Archbishop Langevin, O. M. I., replied in his happiest vein, followed by Bishops Pascal and Legal, each of whom expressed his high appreciation of the good Catholic spirit manifested by the citizens of St Boniface.

Education for a young Man or Woman, for the active duties of life, is obtained at Winnipeg Business College and Short-hand Institute. Full particulars free.

This is the picture of a man who is healthy, clear-headed, successful and impartial—Lord Herschell, the Ex-Lord Chancellor of England. You may be very sure his blood is pure. The man who suffers from impure blood isn't likely to achieve eminence in any walk of life. You cannot pump impure blood into the brain, and expect the brain to be active and keen. If you feed the brain cells on impure blood, you are sure to have weak, sluggish brain cells. If you pump bad blood into the lungs, you will have weak lungs. Pump bad blood into the liver, and the result is torpidity of the liver. Feed the heart on impure blood, and the consequence is a weak heart. Nourish the skin with impure blood, and the result is all manner of unsightly skin diseases.

The best of all known blood purifiers is Dr. Pierce's Golden Medical Discovery. It makes the appetite hearty, the digestion perfect, the liver active and fills the arteries with the rich, red blood of health. It is the great blood-maker and flesh-builder. It cures all forms of eruptive skin diseases. It cures 98 per cent. of all cases of consumption. It cures bronchitis, weak lungs, spitting of blood, obstinate coughs and kindred ailments. It gives vigor and health to the muscles and activity to the brain. Thousands have testified to the benefits derived from the use of this wonderful medicine. All medicine stores sell it.

Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "In the year of 1861, I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach and a weight which seemed like a rock. Everything that I ate gave me great pain. I had a bearing down sensation was swelled across my stomach had a ridge around my right side, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. I was so weak I could not walk across the room without assistance. I took Dr. Pierce's Golden Medical Discovery and one bottle of the 'Pleasant Pellets.' I began to improve very fast after the use of a few bottles. It cured me and thank God my cure is permanent."

THE ONLY Catholic College
In America...
That competes annually with half a dozen Protestant Colleges & Collegiate Institutes.
In proportion to the number of its pupils, St. Boniface College...
Has Won...
More Scholarships
Than any of its Protestant Competitors.

Read the following extract from the Northwest Review, July 8th, 1897:—
The students of St. Boniface College came off with even more than usual success. They captured the two scholarships for Greek, Achille Rousseau, of the previous year, winning the coveted \$40 over 26 competitors from his own and other colleges, and Jean Arpin the corresponding \$25 in the Preliminary over twenty competitors. As our candidates numbered only eight against forty from three other colleges, this double victory redounds greatly to their credit. Moreover Achille Rousseau was fourth out of seventy-seven in Latin and Algebra. Antonin Dubuc was first out of one hundred and thirty from St. Boniface, Winnipeg, Portage la Prairie, Brandon and Regina, in the Latin of the Preliminary. The French and H's tory scholarship of \$80 in the previous year was won by Fortunat Lachance. In the Latin course of Mental and Moral science, Marius Cinq-Mars took his B. A. degree with first class honors and the Silver Medal, while Noel Bernier and E. J. Golden divided the two scholarships in the Junior B. A. year, receiving \$100 each. The only other student in this year, Gustave Roacan, obtained first class marks in all the honor papers of his course. The St. Boniface candidates maintained their long established reputation for thoroughness in the past subjects, Cinq-Mars being second out of twenty-eight in Latin and first out of thirty-three in Physics. Not one of the St. Boniface men failed in anything.
