

# THE BLOODY BRUNSWICKAN

Volume No: (hoped for) 8000 pints

Price 3/4 pint per copy

## The clot plot

That's right - we offer you the ONLY sure way to lose weight without starvation diets, food pills or exhausting exercises. In fact, all you have to do is lie down for ten minutes and presto, you're one pound lighter.

If you are wondering why you should bother losing a pound, here's the answer: You have all undoubtedly heard that excess weight shortens the life span, and consequently, a pound lost may mean a year gained. Thus if you bleed twice a year you have found eternal life.

On the campus now there are approximately 4000 people over 18 years of age. Practically speaking then, there are 52,000 pints of blood circulating the campus. Now, at first glance, this may not seem to be very impressive but on careful consideration we realize that this is twenty six tons of blood.

One ton of blood is all we

ask - you will never miss it - but you will be one pound lighter and it won't have cost you a cent.

We realize of course, that we won't be able to extend this terrific bargain to everyone due to the fact that some are unable to donate blood for physiological reasons, but you lucky people who can donate blood, the rewards of this tremendous offer are unlimited.

As with all worthwhile bargains, this one offers excellent fringe benefits:

1. Before and after donating your one pound of blood, you will be treated to Coke and coffee transfusions.
2. An attractive nurse will hold your hand.
3. You will have the personal satisfaction of knowing that your blood may save someone's life.

To sum it all up - you could not spend a more worthwhile ten minutes - you will be providing hope where hope is lost and life where life is waning.

### Message from the president

Once again the Pre-Medical Club is working with the Red Cross blood donor clinic in its campaign for blood donations. The student body at UNB has always supported this commendable program to the fullest extent. Much of the good work of the Canadian Red

Cross Society depends on blood donations. May I ask each of you who is able to give, to continue our fine record of contributions to the blood donor clinic.

Dr. Colin B. Mackay
