Dear Colonel Robinson:

Your letter of November 28th reached me in due course. It has not been overlooked; the difficulty is maps are not available. For some reason or other no vote was passed at the last session providing means for the compilation of such a book and I am informed that it will be well on in this session before action can be taken. In the meantime the only thing I can do is send you the description of the three Essex counties as taken from the Redistribution Bill in the hope that it may be of some service to you. I am sending you three copies of each.

Yours very truly,

Colonel S.C. Robinson,
Walkerville, Ont.
