Ottawa, July 11th. 1922.

Dear Mr. MacLean:

I have your letter of the 29th. June. just received on my return from a short run south.

Mrs. Meighen, myself and the three youngsters leave tomorrow for Tadoussac, Quebec, where I am to have my first holiday with my wife and children. We are staying there until the first week of August when I have to take a trip west to the coast. Ted has been most anxious to go up with you. He had a letter from Paul and will I know expect to be going. I feel a little nervous about his going north on account of his too great daring especially in the water. but he will be writing Paul shortly and will give my decision. His Mother feels the same.

We cannot thank you enough for the extremely generous invitation you have given us and for the good times we have had as well. Ted will always be a special friend of yours.

Yours very sincerely,

W. A. MacLean, Esq.,
Wood-Mosaic Company,
LOUISVILLE,
Kentucky.
