

June 19th. 1919.

Dear Major Ashton,

I think I might perhaps draw your attention to my letter of June 14th. last addressed to Mr. Maber wherein I said that the valuation for 8080 acres of Peorinan's reserve at \$11.50 per acre - \$92,920.00 is satisfactory to the Department. As I understand it the Minister has not yet approved of this purchase. You might find it possible to deal with this matter before long.

Yours very truly,

Deputy Superintendent General.
