

Janssen, C.

1590-1665

126

CHARLES I.

This is a fine example of this artist's work,
and should be held in high esteem by all
lovers of early art.

Kneller, Sir Godfrey

127

SIR ISAAC NEWTON.

Natural Philosopher, Discoverer of the Law
of Gravitation, Professor of Mathematics.
He was buried in Westminster Abbey, and
his epitaph was written by Alexander Pope.

Lambert, E.

128
