TUESDAY, NOV. 5.

ROOM FOR RECONSIDERATION.

When the members of the City Board of Health met yesterday afternoon for business they were minus two of their number, viz., Dr. A. W. Thornton, the chairman, and Mr. A. D. Westman, both of whom have tendered their resignations as a result of the recent action of the Council relative to the appointment of an inspector.

Without entering into the merits or demerits of the matter The Planet is of opinion that the city has suffered a distinct loss in allowing the withdrawal of these gentlemen to stand.

Both have taken a keen and lively interest in their public duties and it is a source of much regret that they are allowed thus to relinquish them.

We believe a responsibility rests upon the Council in this matter. Begging the question as to the appointment altogether, the aldermen certainly acted injudiciously, to say the least, when they ignored the unanimous recommendation of the Board of Health and proceeded to make an appointment of their own without consultation with those in charge of the department.

The aldermen have made a mistake and they should seek to rectify it. Such is the proper and honorable course and would reflect credit upon themselves and their office.

An effort should yet be made to meet the members of the Board and an amicable settlement arrived at, conducive alike to harmony and efficiency.

A FABLE FOUNDED ON FACT.

Once there was a Political Gold Brick Artist named Mabce and he traveled over from the state of Ohio where business in his line was no longer brisk. And he brought his Material with him in a Grip Sack. Having Arrived he proceeded to Size Up the situation and got his eagle eye on one Whitney and he held conversation with himself and decided that said Whitney was a Winner. Things were coming his Way and in the Exuberance of prospective Success said Whitney was likely to prove an Easy Mark. So he fixed up a Gold Brick and made it Attractive to the Eye and got all his Wiles together in a bunch and proceeded to flash the Gold Brick at Whitney, saying: "You are a Winner, but this is the only original touchstone of Success. The Left Hind Foot of a graveyard rabbit is not in it with this 18-carat proprietary patent recipe for Success. Seeing that I admire you so much and would like to be in the Swim when things are going your Way I will let you have this only genuine Gold Brick at a large discount for Cash." But the said Whitney had been up against Brusky propositions before and he recognized the glint of the Base metal and he straightway proceeded to fire the Artist bodily.

And when the Artist lit heavily he was Sore, but not Discouraged. After brushing the Dirt off, he shook himself Together and journeying up into the next township he focused his eagle eye on one Ross, who was an Illustrious Patriot trying to make ends Meet. Ross was a Second Choice, yet poor but Industrious Gold Brick Artists cannot always be Choosers. So he melted down his Gold Brick and faked it up again in Different but Attractive form and proceeded to offer it to said Ross at a Bargain. The Artist told him that his Neighbor and Rival, Whitney, was after the Brick hotfoot, but he was Disgusted with Whitney and would rather sell it to that Illustrious Patriot, Hon. George Washington Ross, at a Sacrifice than let the Perfidious Whitney have that Gold Brick at double its value.

Whereupon Ross, the Illustrious Patriot, bit like a Shark. And when he had got the Brick he advertised the fact and exhibited the Brick to the Faithful and All the rest of the

If You Are Battling Physically or Mentally with Life's Work and Responsibilities Use Energy-Producing.

MALT BREAKFAST FOOD

Men and women who make Malt Breakfast Food their first dish at the morning meal, avoid the many discomforts that come to those who use oatmeal and other grain foods. Malt Breakfast Food users go forth to the work and duties of the day with a full store of bodily and mental energy so necessary for battling with the worries of business and home responsibilities. The reasons are plain and simple. Malt Breakfast Food is easily digested and quickly assimilated. It is an energy producer as well as bone, muscle and tissue builder. Oatmeal and other starchy grain foods tax the powers of digestion, use up existing energy, give rise to stomach derangements and skin eruptions, and only a very small percentage of their nutriment can be assimilated. If you are a daily worker depending upon either body or brain power, make Malt Breakfast Food your regular morning dish; health strength and happiness will be your reward. All grocers sell Malt Breakfast Food.

world, saying: Lo, here is the Gold Brick which has been presented to me as an Admiring Tribute by a live-long Disgusted Conservative." And the Faithful set up a long loud Yawp of delight, and worshiped the Illustrious Patriot and his Gold Brick.

And when the man Whitney saw the Gold Brick he recognized it at a glance though it had been Melted Down and faked over, and he smote a long loud Smile. And the Illustrious Patriot who had bought the Brick sprung a large-sized, picturesque Triumphant Scowl; but the Faithful, not recognizing the Signs of Trouble, yelled: "Yah!" and continued to extol the Gold Brick and the Illustrious Patriot whose keen, business instinct had recognized its Value and captured it at a Bargain. And when he had got rid of a few Chuckles the man Whitney said: "Verily that is the same Gold Brick that the Fakir, Mabce, from Ohio, came up the Side Road to sell me, but I put the Boots to him and sent him away Disgusted, because that Gold Brick is Brass!"

Then a Sickly Pallor replaced the Triumphant Scowl on the Mobile features of the Illustrious Patriot for he recognized that he had mortgaged the Homestead to buy a Gold Brick which was Brass. And the Faithful placed their hands upon their mouths and looked at their Illustrious Patriot Aaskance. And the Back Township weeklies printed it with scree heads. And when the Faithful had Sucked in

BOTTLE BABIES

Bottle babies are so likely to get thin. What can be done? More milk, condensed milk, watered milk, household mixtures—try them all. Then try a little Scott's Emulsion in the bottle.

It does for babies what it does for old folks—gives new, firm flesh and strong life. You'll be pleased with the result. It takes only a little in milk to make baby fat.

We'll send you a little to try, if you like.
SCOTT & BOWNE, Chemists, Toronto.

TIP TOP

chances to get a suit of overcoat. Our pathway runs along quality heights, at the time, our window will have the finest display of suits and overcoats Saturday you ever saw. Say, you must see them. \$5.00 up to \$10.00. We make this statement and carry it out. We refund money when asked for, which is very rarely, remember we have one price, the lowest, for the best clothing in Chatham.

King Street, 3 Doors West of Market.

Minard's Liniment Cures Distemper.

their breath again, they murmured amongst themselves saying: "Our Illustrious Patriot, the Empire Runner, has been up against a Gold Brick game and he has been Done. And we are Undone!"

Moral: There ain't Any. The whole transaction was Immoral.—Ottawa Citizen.

CANADA'S NEWS SERVICE.

Reference was made yesterday in these columns to the miserable foreign news service of Canadian newspapers and to the colored Anti-British rot which is too often carelessly dished up by Canadian editors. There is no doubt that this is a decided detriment to the Motherland as well as to Canada. The reason why the Canadian newspapers cannot command a really good, reliable service of news from abroad, and especially from Great Britain, is on account of the exceeding cost of collecting and transmitting news. Canadian newspapers cannot afford it.

But it seems to us that it would repay the Canadian Government a thousand fold if it would assist the Canadian newspapers generously in securing a direct and reliable first-class news service from abroad, and especially from Great Britain. We are sure that every daily newspaper in Canada and most of the weekly papers would assist in a combination to secure this reliable news service. The Canadian newspapers are, as a whole, at present struggling pluckily against big odds. Few of them are making the money which their efforts deserve. The customs tariff bears with especial heaviness upon them, and the last straw was the reimposition of newspaper postage.

Canada ought to have a direct foreign news service by cable, pure and undefiled by contact with the hostile news agencies of the United States. This is obvious to all Canadians, and we think that the Canadian Government would be well justified in materially assisting the newspapers of Canada to secure a good direct cable service from Great Britain, for the general good of Canada and Canadians.—Brookville Times.

BRITISH POLITICS.

A high tribute to the cleanliness of British politics is paid by A. L. Hayes, of Illinois, who recently passed through Washington, says a correspondent on his way home after a prolonged visit to Great Britain. He said: "In one particular, at least, we Americans must take off our hats to England, and that is in regard to clean politics. Over there such a thing as municipal corruption is almost unknown, while here, I suppose Washington is about the only city where the hoodlum politician does not predominate in municipal affairs. In England I believe the people would almost mob an office-holder who submitted to bribery or to bad influences of any kind. I inquired the cause of clean politics there, and found it is the result of the intense interest all the people take in public affairs. No matter what question is up, whether it is the election of a member of parliament, or simply some local affair, everybody votes. The records show that at every election 90 per cent of the voters of the community cast their ballots, and in some instances the percentage runs as high as ninety-four or ninety-six. Public questions are actively discussed by every one. In this country it is impossible to get the people to vote. They are too busy running after dollars. They do not seem to care who is their mayor or governor. In fact, they show a lamentable apathy, even regarding the Presidency unless some particularly important question is up for consideration."

There is a pointer for Canadians as well as for Americans in the above, for it is an increasing task in Canada to get the vote out. With really healthy opinion the vote should come out spontaneously.

Montreal Star's effeminate joke:—"It wasn't Lady Roberts who called Buller down, it was Lady Smith!"

Brookville Times' delicate sarcasm—"Poor General Buller! Things are indeed going against him; Prof. Goldwin Smith is out in defence of him!"

The editor of the Hamilton Herald gravely asks, "Are musicians jealous?" Great Heavens! The ignorant mountain man should visit this metropolis for about an hour and mingle in musical circles.

While the Post Office Inspector is in the Maple City it would be well for him to consider the advisability of putting in new and up-to-date larger letter boxes in the office. Chatham's equipment in this respect is very antiquated and the development of the city demands the necessary improvements.

East Kent Liberals are dissatisfied with the candidate, Mr. John Lee, who was forced upon them by the machine at Toronto. It seems that the machine has everything out and dried. The

candidates are chosen by it and are foisted upon the conventions. Then it sees to the election, providing the Mabce libels and sending in the "skilled men" to do the ballot-box stuffing. The clean Liberals who are deliberately used by the machine are waxing tired of this sort of thing. When the party stood for principles they were ready to work, but under the machine which masquerades under their party name and seizes for its instruments all offices and favors, they are restive. —Toronto Mail and Empire.

WON AT LAST

Although Many Times Attacked, this Enemy has Always Refused to Surrender—A Short and Decisive Engagement Ends the Struggle.

Down at Rousseau le Blanc lives Dame Corlett Arsenault.

This good lady has for years been engaged in a struggle, painful and almost pathetic.

On her side she has shown great courage and unflinching perseverance. Everything that she could think of or hear of, she summoned to her assistance.

But despite all her efforts, her determined foe, —Dyspepsia—showed no signs of giving up.

While she was growing weaker and weaker, her tormentor seemed to be growing stronger and stronger. Life was scarcely worth living for the poor woman, yet she managed to keep up the fight.

At last, Dodd's Dyspepsia Tablets, the greatest known remedy for all stomach complaints, were suggested.

From the first, the tide of battle turned in the lady's favor.

Her pain decreased, while her strength grew greater. Rapidly and surely did these wonderful tablets conquer the dyspepsia, and restore her digestive organs to their natural health and vigor. She is now at last victorious over her old enemy, and has made the following written statement:

"For years I have suffered with dyspepsia, I tried many medicines, but all were useless. I used four boxes of Dodd's Dyspepsia Tablets, and I am happy to say I am cured!"

Dodd's Dyspepsia Tablets are an infallible remedy for Dyspepsia, Indigestion, Heartburn, Sour Stomach, or Bloating.

The stomach and digestive organs need rest, and an opportunity to regain their natural vigor. The large, white tablets digest the food—every particle of it—without aid from these organs, thus furnishing the required rest.

The liver and bowels need stimulating and regulating. The small, brown tablets do this most satisfactorily.

Taken together these constitute the very best remedy for all derangement of the organs of digestion. (All in one box, 50c.)

Dodd's Dyspepsia Tablets cured Dame Corlett Arsenault. They will cure you.

The superfluous is the greatest plague of existence.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.
