White Joseph, fisherman

**TICKLE HARBOR**—A small fishing settlement at the bottom of Trinity Bay, on south side, district of Trinity. Distance from New Harbor by boat 15 miles. Mail weekly. Population 48.

Linch James, fisherman  
Linch John, planter  
McCarthy Ewen, fisherman  
Murphy John, fisherman  
Penson James, fisherman  
Pike John  
Pike Richard, fisherman

**TILT COVE**—A picturesque mining village in White Bay, in the district of Twillingate and Fogo. Its settlement was owing to the discovery in that locality of a copper mine, by Smith McKay, Esq., in 1857, who subsequently, in conjunction with C. F. Bennett, Esq., commenced mining operations. The works have been carried on in active operation since 1865, and during this time three shafts have been sunk, 8 feet by 5 feet, to the total depth of 216 feet, and levels 7 x 5 driven through the hills (at the base of which, on the border of a picturesque lake, the village is built) for a distance of 4728 feet. The ore has been found in beds or bunches of from three to forty feet thick, not in a regular lode. The quantity extracted has been 20,000 tons, shipped or crushed and ready for shipment, worth \$555,810; and 25,000 tons ready for crushing, worth \$625,000; total, 45,000 tons, worth \$1,180,810. A vein of nickel is also being worked in the same locality,

averaging 10 inches in thickness (perhaps the only instance of that metal occurring in a regular lode), and 37 1-10 tons extracted, worth \$322.50 per ton, or a total of \$11,964. The machinery and plant used in the works is valued at \$80,000. Number employed, 227 men, averaging \$25 per month, and 71 boys, \$9 per month. The harbor is not very good, but heavy moorings have been laid down, at which vessels may lie in safety. It is a port of entry, and the terminal of the Northern Steam Postal route. Distance from St John's by steamer, fortnightly, 230 miles. Population 770.
