## One thought dominates McClary's

**I**N every part of our great plant—In every operation—down to the smallest part of every stove and range we make—One thought supersedes all others—"McClary's must be the best value we can produce."

On that firm principle we have built this giant institution—the greatest stove and furnace works in the British Empire.

Now McClary's are the unquestioned leaders in many styles of cooking and heating devices.

Any of this list of Booklets on heating or cooking will be sent, if you mention this paper.
