

Does Your Dairy Pay?

Hundreds of farmers are keeping unprofitable dairy cows, and hundreds are wasting butterfat by defective methods of creaming and churning.

They are losing many dollars annually at both ends of the process, but do not know it.

Why not test the cows, test the skim milk and test the buttermilk, and "know where you are?"

Every patron of creamery or factory paying by test should have a Babcock to verify factory tests. The Farmer's Favorite Babcock Milk Tester will do this.

The cash price of this new four bottle machine is \$6.00, but it will be sent (freight or express paid by receiver) to anyone sending us eight new paid subscribers for one year to the Farmer's Advocate.

STOCK GOSSIP.

MONTREAL, Sept. 4th.
To THE PUBLIC:—In my practice, and in the capacity of Veterinary Editor of the "Family Herald and Weekly Star," I have had occasion to test the merits of "Dick's Horse and Cattle Medicines." I have found them so thoroughly reliable that I have prescribed them in hundreds of cases, in all of which they proved highly satisfactory. R. W. GRAHAM.

We have just received a copy of the catalogue of the entire herd of Bow Park Short-horns, which will be offered for sale by auction at Bow Park Farm, Brantford, on April 25th. The dispersion of this well-known herd, which has won such phenomenal success at the various exhibitions in this province and the United States, will afford farmers an opportunity of purchasing choice animals that should not be neglected. Send for catalogues. See advertisement in this paper.

Mr. T. W. Evans, of Yelverton, Ont., reports the sale of several horses lately, among them being the following:—1st. Royal Signet, Vol. VII, C. C. S. B., a grand two-year-old colt, resembling his sire very much, Royal Salute. His dam was Elsie Ward, Vol. XIII, B. C. S. B., sired by Evadale (5740), a g. son of Topgallant. This horse went to W. W. Shearer, of Keene. 2nd. Hlyth Prince (2128) (8478), whose breeding was given in the March Advocate. This horse has been doing extra well lately, and weighed, when delivered, over 1,300. His breeding is A. I. He went to Mr. John Bell, of Amber, 3rd. The trotting-bred horse Starlight, secured in Illinois two years ago. He was bred by Mr. Dubbs, Lexington, Kentucky; is an inbred Morgan, a great looker, and sires the kind of stock that are always ready sellers.

NOTICES.

Messrs. Stanley Mills & Co., wholesale merchants, Hamilton, Ont., are making a special offer in this issue of various articles to be sent by mail. The prices quoted are low. We can recommend our patrons to give them a trial.

Among the new advertisements in this issue will be found that of Mr. W. F. Vilas, East Farnham, Que., who advertises a corn-planter. The need of such an implement has been long felt by corn growers, and we are informed by those who have used the planter manufactured by Mr. Vilas, that it is all that can be desired, planting either in drills or hills, as desired. It is made in two styles, one being made to sow phosphates or other fertilizers with the corn, the other to plant the corn alone. Those who grow corn should write for particulars.

BRIDGETON, NEWAYGO CO., MICH.

February 1st, 1894.

Buchanan Fence Co., Smithville, Ohio.

I have had 200 rods of fence built, and received the congratulations of stockmen and others, saying that it is the best wire fence they ever saw. I have just closed a contract to have four miles put up before the middle of April next. Besides being a good, durable fence, it is the cheapest fence ever built.

J. M. STOW, M. D., MANAGER.

AGRICULTURAL COLLEGE, MICH., Nov. 21, 1893.

J. W. Buchanan, Smithville, Ohio.

DEAR SIR:—We are very much pleased with the Buchanan Fence. Its efficiency and low cost cannot fail to commend it to all stock farmers. We are preparing to build more next year. Your fence combines many good qualities, with fewer bad ones, than any fence with which I am acquainted. I am very truly yours, F. B. MUMFORD.

ANSWERS TO CORRESPONDENTS.

FARMER.—Yes, South Dakota furnishes an excellent field for diversified farming. Wheat, Corn, Barley and Flax are produced in abundant quantities and find a ready market at good prices, while the cost of production is much less than in the Eastern States. Stock raising and wool growing have become successful industries in South Dakota, where thousands of acres of the finest land in the United States can be secured at reasonable figures and upon long time for deferred payments. Further information will be cheerfully furnished free of expense by addressing A. J. TAYLOR, Canadian Passenger Agent, 87 York St., Toronto, Ontario.
