WHEN YOU COME TO THE ROOF PUT ON OUR FAMOUS EASTLAKE METALLIC SHINGLES

Lightning has no effect on them. They are absolutely fireproof. Rain and snow—heat and cold—can't rust, crack or warp them. The perfect fitting side lock (exclusively Eastlake) makes the roof absolutely leak-proof, and cost of putting on much less.

OUR GUARANTEE:

We guarantee Eastlake Metallic Shingles to be made of better material, more scientifically and accurately constructed, to be more easily applied, and will last longer than any other Metal Shingle on the market. Our guarantee is absolute. Our Shingles have been made since 1885.

Eastlake metallic Shingles are made either galvanized or painted. They are handsome in design, attractive on the house and last a lifetime. Our cheapest grade will last longer and costs less than the best wooden shingles. Our best Metallic Shingles make as superior a roofing to wooden shingles, tin, slate, etc., as these were to sod roofs. Let us send you the proof. Write us. Complete information free.

THIS IS THE
SHEET
METAL AGE.

Ordinary grades of galvanized steel are not considered good enough for "Galt Sure-grip" Shingles. A special grade of the best, wear-defying galvanized steel is prepared exclusively for them. Consequently, at the very outset, Galt "Sure-grip" Shingles have the power to outwear all others, wooden or galvanized.

Then, Galt "Sure-grip" Shingles are locked together far more securely than ordinary shingles. Easily and quickly put on and when on will withstand the severest test of storm or lightning.

The strongest shingles make the longest lasting roof—and Galt "Sure-grip" Shingles are in every way the strongest. Cost no more than common shingles—are the most economical kind to buy.
