We are offering **Special Bargains in Shorthorns** just now. The Reason is that we have a **Large Stock and Feed is Scarce**. Most of you know the **Kind of Cattle** we have, so that it is useless repeating the usual formula. In order to **Reduce Our Stock**, so that we may be able to pull through the winter, we **Will Sell at Prices** which will **Well Repay the Purchaser** who has feed to keep them until spring. We have pretty nearly anything **You** want. If you can not come to see, write and tell us as nearly as possible what it is, and we will frankly tell you whether or not we can supply.

## Because You Need The Money

It's your business and if you don't attend to it, who will? You cannot afford to keep cows for fun. That isn't business, and, furthermore, it isn't necessary. There is money in cow keeping if you go at it right, and besides there is more fun in going at it right than there is in staying wrong.

You need a Tubular Cream Separator because it will make money for you; because it saves labor; because it saves time; because it means all the difference between cow profits and cow losses.

Look into this matter; see what a Tubular will do for you and buy one because you need it.

How would you like our book "Business Dairying" and our catalog B. 12 both free. Write for them.

## GOSSIP.

A resolution has been passed by the British Berkshire Society to the effect that a registered prefix can only be used for animals bred by the owner. It has also decided that the name of a pig cannot be altered in the herdbook.

Messrs. A. Kennedy & Son, Vernon, Russell Co., Ont., write: "We are sending you a short account of our stock and some of the sales made through your paper. We have at present about 40 head of Ayrshires left after a good season of sales. Our stock are looking very well, considering the dry summer we have had in this section, and shortage of feed. We have a few extra good-doing bulls left, out of producing dams that are also show animals. We are through using our present stock bull, and are offering him for sale. His stock will speak for himself, as they are very stylish and of a producing type, with extra large tests. In females, we are sold out at present. Some of the latest sales are: An extra fine yearling bull to the Manitoba Agricultural College, Winnipeg; one yearling bull to J. C. McArthur, Rockside, Ont.; one yearling bull to W. W. Trimble, Munster, Ont.; two two-year-old heifers to S. N. Doyle, Sudbury, Ont.; a cow and calf to Geo. E. Dennison, Ottawa, Ont.; two cows and one heifer and four heifer calves to Collier Bros., Beachville, Ont.; one heifer to T. J. Crowley, Potsdam, N. Y. The young bulls for sale are tubercular tested."

W. G. Pettit & Sons, Freeman, Ontario, write as follows: "We have had a good enquiry for Shorthorns lately, and wish to report the following recent sales: To David Sinclair, Innisfail, Alta., an extra good young bull belonging to the Campbell Clementina family. This bull, which was a member of the calf herd we exhibited at Toronto, promises to develop into a deep, thick, heavy bull, and should prove a valuable addition to Mr. Sinclair's herd. He also purchased two young cows, representing the Kilbrian Beauty and Fancy families, and each having a red bull calf at foot. Wm. Hiscott, of Virgil, Ont., got a calf that cannot fail to make a good one. He belongs to the popular Marr Roan Lady family, is sired by Imp. Prime Favorite, and has for his dam a half-sister to the celebrated Choice Goods. This combination should be good enough for any herd. Mr. Milne, of Alliston, selected the thick-fleshed Jilt calf, which stood fourth at Toronto this year. Mr. Milne has not a large herd, but that did not deter him from buying one of the best bulls he could find. To A. S. A. Gilman, Center, Sandwich, N. H., we shipped a very attractive roan calf of the Cruickshank Village tribe. He is of the type that is usually seen at winning end of class in our leading exhibitions, and, as it is the first shipment we have ever made to New Hampshire, we are pleased to be able to send a good one. Probably the most important of our recent sales is that of the young imported bull, Scotch Bank, which we secured from the recent Duthie-Marr sale. This bull goes to head the herd of A. C. Shallenberger, Alma, Neb., which is becoming very prominent in the U. S., owing to its successes in the largest shows, including the International. Scotch Bank is a bull of extra good type, and should make an excellent stock-getter. We are having a great deal of enquiry about our recently imported bulls, and breeders wishing to secure one should not delay, as, owing to the limited number, they will not last long. In closing, we wish to thank the breeders for their liberal patronage during the past year, and to extend to them our best wishes for a Bright and Prosperous New Year."
