

Summer Hill Herd

HEADQUARTERS FOR THE IDEAL BACON HOG AND EASY FEEDERS.

The largest herd of imported and Canadian-bred Yorkshires in America. Out of 121 exhibits at the leading shows in '99 and 1900, including Toronto and London, we gained 116 awards. Expert judges both at London and Toronto were unanimous in pronouncing our herd far superior to that of our strongest competitors. Won most of the best prizes offered, including first prize for best pen of pure-bred bacon hogs, also grand sweepstakes over all breeds in a class of 13 entries. The foundation of our herd was laid by personally selecting the choicest stock from the most noted breeders in England and Scotland. We have the ideal bacon type—size without coarseness, and easy feeders. Pigs of all ages for sale at moderate prices. Write us for particulars. Telephone, Millgrove, Ont. "A Stock Holder"

For holding stock the "Page" is the only reliable kind. It is used on the largest Stock Farms in Canada; equally suitable for small or large stock. We now make our own wire. Could not get good enough before. It is twice as strong as that in other fences and better galvanized. Our Fencing is shipped from our factory ready-made, and our local representative can put up a string of it for you in short order. Prices lower this year.

MOUNT PLEASANT, MICH., U. S. A., January 16th, 1901.

With your R-E Grinder No. 3, doing custom work, we can grind 250 bags of corn and oats in ten hours. We are using about 25-horse power. We do not see how so comparatively small a machine can do so much work. It is ahead of anything of that kind that we have ever seen.

THE SUNLIGHT GAS CO., Ltd., Montreal, P. Q.:

GENTLEMEN,—I have been using one of your twenty-light gas machines since last August, and am perfectly satisfied with it in every respect. I have used both coal gas and electric light, but much prefer the acetylene light to either, as being more steady and an easier light for the eyes.

With regard to your machine, I have nothing at all to say against it, as it is easily cleaned, needs absolutely no attention when operating. I shall at any time be most pleased to show my plant to anyone, or do anything in my power for your machines.

Yours truly, M. L. WILLIAMS.
