

KAY'S SPRING FURNITURE OPENING

The growth of this section of our business has been phenomenal. From small beginnings it has advanced year after year until now three large flats and two mezzanine floors or galleries hardly suffice for the display of our assortments in this line.

Success like this is not accidental. We attribute it to our policy of dealing only in furniture of high excellence and of quoting uniformly reasonable prices.

In Furniture, as in Carpets, Draperies and Wall Papers, we show much that is private to us—made to our especial order or imported from houses who sell only to us in Toronto.

Below we catalogue a few representative items in medium class furniture.

Bedroom Furniture.

A most comprehensive assortment, of which we give a few details below:

In Mahogany.

A very large assortment selected from the productions of the first makers on the continent—Dressers, Chiffoniers, Somnoes, Bedsteads, Dressing Tables, Cheval Mirrors, Washstands, Wardrobes, Chairs, Rockers, etc. Prices commence at \$20.00 for a pretty dresser with oval mirror, and range upwards to an exquisite suite of six pieces on Sheraton lines, in fine crotch mahogany, at..... **800.00**

All-brass Bedsteads, \$17 to \$115.

Over forty different patterns to select from. Twin bedsteads, single bedsteads, double bedsteads, three quarter bedsteads. The very latest designs from the best makers at prices you will admit are very reasonable.

Brass and Enamelled Bedsteads \$3 to \$30.

An immense assortment which embraces about everything likely to be wanted from a plain but neat bedstead, suitable for summer cottage use, up to a really handsome design with square tubing, that many would choose in preference to a much more expensive all-brass bedstead.

Bedding.

We are most particular about the bedding we sell. Common, shoddy-filled mattresses have no place in our stocks. Even the cheapest lines we carry are clean and sanitary.
