St. John is to have a Keith's theatre. On Saturday negotiations were completed by which the York Theatre enters into Keith and Proctor's circuit, which has lately been extended to take in a number of Maine cities. The well-known amusement house will probably open on Christmas eve, under the name of Keith's.
About a month ago the Sun received dispatch from Maine that Keith's circuit was to be extended this way, but at the time the managers of none of the theatres would confess to be in negotiations in the matter. The matter, however, has been a subject of correspondence last March between J. J. Armstrong, the manager, and J. A. E. Moore, representing the circuit. The deal was concluded on Saturday by telephone with Mr. Moore at Portland, Me. The arrangement was made on behalf of A. Paul Keith, E. P. Albo and J. A. E. Moore.

Provincial News

HOPEWELL HILL, Dec. 6.—Last night's storm, which was practically the first snow storm of the season, was one of unusual severity, developing before morning into a veritable blizzard, which piled the roads with drifts and suspended the traffic of all kinds. The Salisbury and the Grand Valley have been completely out of business, the train today not venturing out of Albert.
The storm was pretty well over by noon, but as it was reported to be still drifting heavily for the time, it was not thought advisable to make a start, and in consequence no mails have been received from outside today, and there is a poor prospect of any tomorrow over the railway. If the high wind now prevailing keeps up all night, the telephone and telegraphic service are both crippled. The roads are in a very bad state, there being in some localities long stretches of bare ground and in others drifts that are practically impassable. The weather has been severe for Saturday, and is bitterly cold tonight.
When Keith's opens on Christmas eve, it will begin the continuous vaudeville programme here. There will be a weekly change of bill with two performances each day, in the afternoon and in the evening with the exception of Monday afternoons.
It is quite probable that arrangements will be made whereby the shows brought down here will spend a second week between Moncton and Fredericton. Arrangements may be made with respect to the Halifax, but at present there is only one theatre there.

FIRE CAUSES \$60,000 LOSS IN NEW GLASGOW

Three Stores Burned Out Yesterday
Mornins Insurance Inadequate to Cover Loss

NEW GLASGOW, Dec. 9.—During the intense cold of this morning, when the thermometer hovered near the zero mark, the fire department was called out to fight a fire which, before it had burned itself out, destroyed the block at the corner of Forth and Provost streets, the principal streets of the town, and today the business places of three of the principal merchants were in ruins. The loss in property and stock is variously estimated, but it is thought that it will reach \$60,000.
Fire started at four o'clock this morning, when a high wind, which almost reached the proportions of a gale, was blowing. The department was quickly on the scene and everything that was possible was done to save the buildings.
The block contained the business places of Grant Bros., druggists; Carlew Bros., druggists, and A. P. McCulloch, two stores, dry goods. The block was owned by the estate of the late Wm. Chisholm, and the apartments over the stores were the quarters of the City Club and Dr. Garfield Donald's dental parlors. A block burned at back of Carew's was also burned.
Fire was practically under control at five o'clock, an hour after it started, and it was out about seven o'clock this morning. The firemen worked hard to save buildings in proximity and were successful in their efforts. The value of the Chisholm portion of the building was \$100,000. Grant Bros. stock valued at \$7,500, and Grant Bros. stock at \$10,000. Grant Bros. had about \$2,500 and Carlew Bros. about \$2,000 insurance. McCulloch's stock is valued at \$35,000 to \$40,000, and the insurance covers about one-third of the amount.

LIBERAL Convention Called

To the Liberals of New Brunswick:
It is my desire to meet the Liberals of New Brunswick in convention. Nearly three years have elapsed since the last general meeting; it is also the judgment of the party that such a gathering should take place for the purpose of perfecting party organization in all the counties of the Province. To that end, I would invite all Liberals who can make convenient to do so to attend at Berryman's Hall, in the City of St. John, on Thursday evening, 27th December next, at 7.30 o'clock. This invitation is extended to all Liberals in New Brunswick who are interested in the success of the party and of the good government of the country; but I would especially ask the Liberal Associations and Liberal Clubs of the various counties throughout the Province to select delegates who shall be authorized to represent them at the convention.
There are many matters of importance to be considered, and it is therefore my earnest wish to have at the convention as many as possible of those who have a real interest in the advancement of Liberalism.
Thursday evening will be devoted to the selection of a Nominating Committee and the arranging of preliminary business. It is possible that an opportunity will be offered for short addresses from representatives of the different counties.
The convention will re-assemble on Friday at 9 o'clock in the forenoon for the transaction of the real business of the gathering. The day will be given up wholly to the work of organization, which, it is hoped will be completed in time to permit the delegates to return to their homes in the evening.

NO INSANITY PLEA IN THAW'S DEFENSE

His Lawyers Will Rely on the "Unwritten Law"—Trial Will Not Come off for Months Yet

NEW YORK, Dec. 8.—That the counsel for Harry K. Thaw will not seek to clear him of the charge of murdering Stanford White on the ground that he was insane at the time of the shooting, but that they will depend on some phase of the "unwritten law" to vindicate him, is indicated by the list of interrogatories which they prepared when they sought to get the testimony of Truxton Bessie and Thomas W. McCann by commissions to be named by the court.
After formally stating the presence of the two witnesses on the night of June 25, one interrogatory is so couched that the two men would tell what Thaw before going to the party; what was said by every one in the party which was heard by Thaw, and detail every bit of conversation they can remember. The next question asks to do with the happenings in the restaurant; the time of arrival there; what was said and done by each of the party, and what time the party left the restaurant. The next question asks the visitor to the roof garden; the time of arrival; how the party separated; what the conversation was, about, and the happenings immediately preceding the shooting of Mr. White, and what occurred just after it. The last of the ten questions is that each of the two witnesses will tell anything else that occurs to him which will be of benefit to Thaw in his defense.
