

HE best goods at lowest possible prices. We feel quite safe when we say that we have the best goods—the highest quality that can be bought in any store in Ontario.—Some, who perhaps are not our customers, may think that because we keep the quality high, price must be high also. We refer these to our regular advertisements, where we generally print prices, and always live up to them. A visit to our store would perhaps be most convincing, where we could show the quality as well as give the prices.

Prompt delivery has been made an important feature here, and we assure you of both prompt and careful delivery of any orders given us.

Telephone orders are filled with the same care as if you shopped in person. The same goods, the same prices are given to all, and back of our assertions, is the guarantee "your money back if you are not perfectly satisfied."

H. MALCOLMSON

NEW YARNS

At Sulman's Beehive

We have laid in a large stock of choice yarns for this winter.

We make a specialty of yarns and wools and have a better assortment than any other store in Western Ontario. Just a few prices—

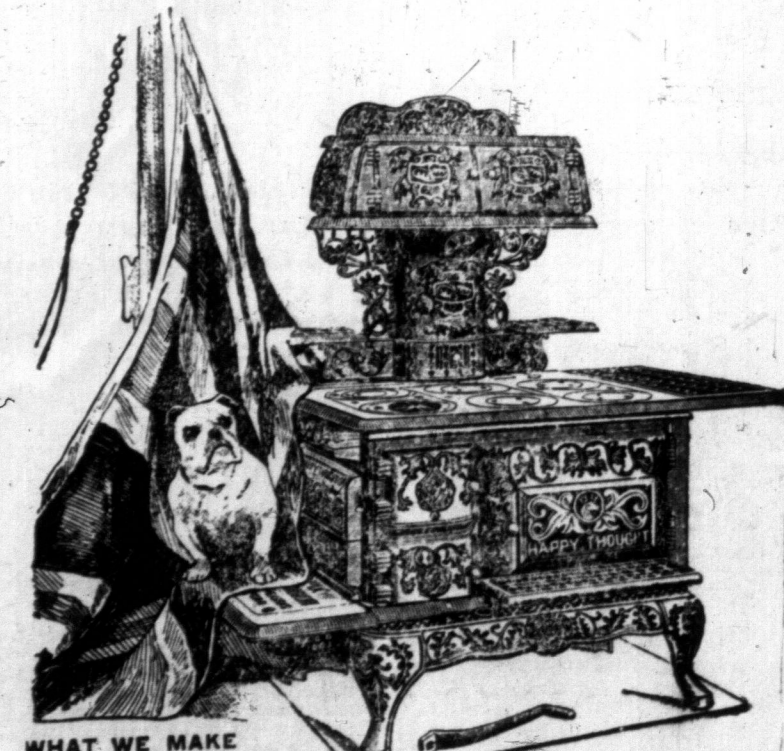

Best of all, all shades. Angora, White and gray. We have them all, come!

At Sulman's Beehive

DIED IN HIS BUNK

Lonely Man Starved to Death on Uimak Island.

Many Times Aid was Near, but He was Too Weak to Make His Presence Known.

San Francisco, Nov. 1.—On Uimak island, which guards one of the entrances to Behring sea, a rude mound of rocks marks the last resting place of Charles William Anderson, sailor, fisherman and hunter. Anderson starved to death on the bleak and barren island waiting for friends who deserted him. He died June 19, 1899, and his skeleton in his bunk and his diary beside it were found by two hunters who were driven on the island during a storm. The diary was addressed to Andrew Groswood, of Unga, who arrived here a few days ago with his friend's last writings.

Several vessels passed by Anderson's island prison, the pathetic record reads, but none saw Anderson's flag of distress. Once a vessel was becalmed close to the shore and he tried to reach it, but had not the strength left to launch his little boat. His legs had failed him and he could only pull himself along by his elbows.

He deliberated on shooting his dog, Dempsey, but he could not get up enough courage to do his faithful friend. "He brought seals to me through the breakers," he wrote, "and I fed him as long as I could." Finally the dog disappeared.

The diary records the terrible sufferings of Anderson from thirst and his expedition after fresh water. The last entry says: "June 19—Now I must go for water again. I am so weak I cannot do this time than before. But with God's help I may come back again. I would not like to die outside. But God's will be done." He had his wish, for he returned and died in his bunk.

MUST GO TO TRIAL

Coroner's Jury in Paterson Names the Four Slayers of Jennie Bosschler.

Moral Revolution is Reported in Progress in the Scandalized Little City.

Paterson, N. J., Nov. 1.—The fact that it was not Hackman Southworth who gave the first information concerning the murder of Jennie Bosschler, came out at the coroner's inquest held in Paterson county house. Southworth, who accepted \$10 from McAllister to "keep quiet," did not inform the police until after his arrest, when at 2 a. m. on the Tuesday following the murder he told the police that he knew Southworth was walking the streets of Paterson under an insignificant bail bond of \$500.

On the witness stand Southworth again related the harrowing details of the awful ride with the unconscious girl lying in the arms of one of the young men charged with her murder.

Chief Grout testified to the fact that Dr. Townsend was the first to give the clue to the identity of the men who brought the already dead girl to his house. The chief also confirmed the statement that the drugs in the bottle found near where the body was discovered contained chloral.

Other witnesses were Mrs. Dinah Bosschler, mother of the murdered girl; Christiana Snel, the saloonkeeper in whose place the girl was drugged; Mrs. McBride and Wooman and Komer Simford, who saw the girl in the carriage with the four men, after she was carried from the saloon. The verdict of the jury is:

We, the jury, impeached and sworn before the coroner of Paterson county to inquire into the cause of the death of Jennie Bosschler, do find that said Jennie Bosschler came to her death in said county of Passaic between the 18th and 19th day of October, 1900, and that her death was due to exposure, the violence of assault, and a poisonous drug, the name of which is unknown to us. All of which were inflicted on and administered to the said Jennie Bosschler, by and while in the company of Walter McAllister, George Kerr, William A. Death, and Andrew Campbell.

Among the spectators in the crowded court room sat William G. Bateman, foreman of the present grand jury, before which body the case will now be presented.

Following the strong expressions concerning the vice of Paterson, uttered by many ministers, Mayor John Hinchcliffe, out with an interview in which he declares that Paterson is just a good old-fashioned town and that its morals are on a par with any town of its size in the country.

The wall-thorns in wall the 200, and that her death was due to exposure, the violence of assault, and a poisonous drug, the name of which is unknown to us. All of which were inflicted on and administered to the said Jennie Bosschler, by and while in the company of Walter McAllister, George Kerr, William A. Death, and Andrew Campbell.

WHAT CAUSES DEAFNESS.

The Principal Cause is Curable But Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives us his opinion that the most common cause of deafness is traced to throat trouble; this is probably overstated but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrh secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing and the hardening of the secretions makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh of the long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions, catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Guaiacum, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by acting upon the blood and mucous membrane of the nose and throat.

As one physician aptly expressed it:—"You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full the merit of Stuart's Catarrh Tablets.

MR TARTE IN DANGER

The Premier has to be Called to His Aid in Montreal.

Montreal, Nov. 1.—Sir Wilfrid Laurier came to Montreal Tuesday night expressly for the purpose of speaking for his friend Mr. Tarte, who is the government candidate in the riding of St. Lawrence.

Mr. Tarte is having a hard time of it, and as there is danger that he will be beaten, it was thought necessary to get Sir Wilfrid Laurier to the aid of the government.

The meeting was largely attended by the electors of the division. Sir Wilfrid strongly endorsed Mr. Tarte, and appealed to the electors to send him to parliament.

Mr. Tarte also made one of his characteristic speeches.

Where Doctors do agree!—Physicians no longer consider it catering to "quackery" in recommending in practice so meritorious a remedy for Indigestion, Dyspepsia and Nervousness as South American Nerve.

They realize that it is a step in advance medical science and a permanent cure for diseases of the stomach. It will cure you.—60

Sold by J. W. McLaren, Chatham.

FORTUNE TELLERS, BEWARE.

Toronto, Nov. 1.—The Police Magistrate determined to put a stop to the operations of fortune tellers, who have been making a stinking ground of Toronto lately.

Yesterday he fined Dr. Norman Lee, who claims to be a doctor of divinity, \$100 on condition that he stop fortune telling, and if he would not stop fortune telling he would be punished on that charge in a way he would not forget. Other prosecutions are proceeding.

THAMESVILLE.

Nov. 1.—Mrs. D. M. Newcombe has gone to Wardsville to attend the funeral of the Miss Bloom.

Rev. W. H. G. Colles is inspecting the school.

Mrs. Rocky, of Morpeth, is visiting relatives here.

Miss Cora McCaigie was called home owing to the serious illness of her father.

WHEATLEY.

Messrs. Ed. Lamarch, of Wheatley; C. Foster, of Leamington, and J. W. Trembley, of Leamington, are in the tobacco competition for the \$500 prize given by the Empire Tobacco Co.

Wm. Trembley is very low with typhoid fever, also B. B. Shaw.

Our town is full of hunters at present and quail are very scarce.

Mrs. S. D. Smith had an auction sale of her household goods on Saturday.

Avoid Chills and La Grippe

W. W. EVERITT, Proprietor.

McCOIG & HARRINGTON, Auctioneers. Nov. 1, 2nd 1w

LODGES

A. F. & WELLINGTON Lodge No. 44, O. R. S. A. F. & A. M. meets A. M. on the first Monday of every month, in the Masonic Hall, Fifth Street, at 7.30 p. m. Visiting brethren heartily welcomed.

J. S. TURNER, W. M. ALEX. GREGORY, Sec.

"A. O. U. W." "To The Rescue."

Workmen, can we not learn from the close personal canvass during this election contest, the very best way to promote the fraternal increase and progress of Peninsular Lodge? Shall we deem it of less importance to press the question of protecting widows and orphans, and freeing them from want than protection or free trade in any other earthly issue? Remember, neglected opportunities are ruinous.

WARREN MARTIN.

The great amount of design work done at the Victoria Avenue Green House is sufficient proof of the excellence of the work. Nothing but the best at the lowest prices. Telephone 181.
