Perry Sound Jubilant.
Perry Sound, Nov. 20.—The arrival of the first Canadian Northern Ontario train here at 3.50 p.m. yesterday afternoon was the signal for general rejoicing on the part of the inhabitants. The population turned out en masse to meet the train. The local military band behaved themselves nobly in their efforts to make the welcome as uproarious as possible. Whistles blew, horns tooted, and the crowds cheered with great energy. The same reception was met with at all stations en route and especially at Beaverton, the principal station between Toronto and Perry Sound, where the occasion was celebrated by a holiday.
Toronto, Nov. 20.—There was no demonstration at the Union Station when the first train pulled in at 3.30 p.m. Very good time was made in the journey down, and Conductor Anderson had about 100 passengers.

The World as It Is.
A world without mistakes and without suffering would be a world without real men and women, without literature, without music, without painting or sculpture and without love, and even without history, for history is a record of struggles toward better and higher things. Without obstacles to overcome and errors to correct men and women would lapse to a level with beasts in mentality. Intellectual and spiritual development would cease and souls not refined by the fire of ordeals would die of something akin to fatty degeneration. The races would perish of ennui or inanity. After all, it's a pretty fair sort of world as it stands.

of the Souvenir completely changes the air therein every few minutes without lessening the heat one iota.
Pure, cold air is drawn into the aerated flue and heated to the exact temperature of the oven before it enters it.

SOUVENIR RANGE

The ventilating principle of other ranges simply draws in cold air direct to the oven, heats it and allows it to escape. Suppose you have a pan of biscuits or a sponge cake in the oven, and a gust of cold air strikes them—they fall flat at once and the whole baking is spoiled.

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to receive rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing clear, rich blood, and the effect of poisons in the blood is to often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." It is the only medicine put up for sale recommending itself by the fact that Dr. Pierce's "Discovery" cures all blood troubles as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale recommending itself by the fact that it contains neither alcohol nor harmful habit-forming drugs, and the only one every ingredient of which has the personal endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by mail, and enclosed to Dr. J. C. Pierce, Buffalo, N. Y. The ingredients of Dr. Pierce's medicines are composed by leaders in all the several schools of medical practice, and that many of the diseases for the cure of which "Discovery" is advised, should have far more weight with the sick and afflicted than any of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has been in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page Illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 31 one-cent stamps, or cloth-bound for 50 stamps. Address Dr. Pierce as above.

BOTH COMMITTED FOR TRIAL.

Woodstock Men Charged With Assault and Rape Held.

Woodstock, Nov. 20.—James Curry and Charles O'Brien were sent up for trial yesterday on the charge of committing assault and rape on Mrs. Casler, and of stealing several articles from her house. Both entered pleas of not guilty.

Mrs. Casler, who is a widow, was attacked at her house on the night of Nov. 7, and the arrest of Curry and O'Brien followed several days later. Mrs. Casler positively identified the prisoners as the men who assaulted her, Curry had scratches on his face, and O'Brien had a wound on his knuckle, and the evidence of Mrs. Casler, that she scratched the face of one of the men and bit the hand of the other, seems to give importance to these facts. The articles stolen were identified.

Regarding civil service pay and the salaries of parliamentarians who were concerned in the management of the country's finance, Mr. Courtney said Canada was a beggarly paymaster.

Ottawa, Nov. 20.—Mica dealers in Hull have complained to the Minister of Customs that some Canadian manufacturers import West Indian mica, mix it with good Canadian stock and sell it as Canadian. Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "I ache as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years and the ablest judges agree that it is the most universally successful remedy for woman's ills known to medicine.

Read the convincing testimonials of Mrs. Oakes and Mrs. MacNamee.
Mrs. J. P. Oakes of Prince of Wales Hotel, Head of St. Margaret's Bay, near Halifax, Halifax County, Nova Scotia, Canada, writes:

Dear Mrs. Pinkham:—After what your Vegetable Compound did for me, I am a firm believer that it is a wonderful medicine and that any woman who is troubled with any of the ills we suffer from should try it and she will soon be convinced of its worth. Six bottles changed me from a nervous, despondent, sickly, ailing woman to a sweet-tempered, healthy one, who rarely ever has a pain now, and who before was rarely without one. As a regulator, strengthener and a tonic, I think it has no superior and I certainly endorse it.

Mrs. Anna R. MacNamee of corner Queen and Wellington Streets, Kingston, Ont., writes:

Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has done all the good in the world for me. I am a firm believer that it is a wonderful medicine and that any woman who is troubled with any of the ills we suffer from should try it and she will soon be convinced of its worth. Six bottles changed me from a nervous, despondent, sickly, ailing woman to a sweet-tempered, healthy one, who rarely ever has a pain now, and who before was rarely without one. As a regulator, strengthener and a tonic, I think it has no superior and I certainly endorse it.

The Bed and the Candidate.

Judge Harlan and James B. McCrea once canvassed Kentucky together as the Republican and Democratic candidates for governor. They traveled about the state on a joint debating trip and in many small mountain places had to sleep in the same bed. They were warm personal friends and so did not object to this intimacy. One night Mr. Harlan got into bed first, Senator McCrea was not far behind, and just as he entered the bed Judge Harlan raised his bulky form and said in his stentorian voice, "McCrea, there is one thing certain—the next governor of Kentucky is in this bed." As he spoke the bed slats broke, and Judge Harlan rolled to the floor. Senator McCrea caught and held himself in bed, and as Judge Harlan reached the floor, said: "John, you are right. The next governor of Kentucky is still in this bed."

The boy verging into manhood is delighted to be told he appears older than his years.
