SATURDAY EVE'G. JULY 3, 1880

Local News.

The Ethiopia. On which Bishop Feller took passage to the disaster to the Anchorite, has arrived safely in Glasgow.

CONTRACT LET.—The contract for the erection of a milk house and laundry at the Wellington Industrial Farm, has been let to Mr. Richard Ferguson for \$615.

The new stage spoken of yesterday, as having been placed on the line between Guelph and Hamilton, was built by Caleb Chase. The workmanship is neat and substantial, and reflects credit on the maker.

Four Races.—There was a five mile race at Tilsonburg on Wednesday last, and among the entries were D. A. Woods, of Galt, E. Case, of Hamilton, and several other noted pedestrians. Woods won easily, beating the only man who remained on the track till the finish by about half a mile. Time 29 minutes.

A GENEROUS ACTION.—Mr. J. Thomas Cowan, of the Galt Foundry, has paid the subscription fee to the Mechanics' Institute, Galt, for one year, for each of the apprentices in his employ. This action, if adopted by manufacturers in Guelph, would have a good effect on the boys and young men in their employ, and would greatly assist the Mechanics' Institute.

ONE HUNDRED AND SIX MILES IN A CANOE.—Messrs. J. A. Mowat, Guelph; Homer Watson, Doon; A. Muller and J. Forsyth, Berlin, left Breslau this (Saturday) morning by a birch bark canoe on the Grand River for Lake Erie. They will leave the Grand River below Dunnville to take the feeder to the Welland Canal, and on reaching the lake will follow it to the lake. The distance by this route is 106 miles. The party on reaching their destination will camp out a couple of weeks.

MONEY ORDERS.—The following changes in the rates for money orders between the Dominion of Canada and the United States came into effect on the 1st July: On money orders payable in the United States, not exceeding \$10, 10 cents; from \$10 and not exceeding \$30, 30 cents; from \$30 and not exceeding \$40, 40 cents; from \$40 and not exceeding \$50, 50 cents. Fifty dollars is the maximum amount allowed to be sent in an order at the present time, but efforts are being made to have it increased to one hundred dollars.

THE 80TH BATTALION.—With reference to the appearance of the Wellington Battalion in the military review at London the Free Press says: The Wellington Rifles, numbering nearly 500 broad shouldered men, close up the march. They are composed and in good order, and the entire team companies march by in a manner equal to the 7th, both in point of appearance and precision of movements. They are a credit to the county from which they hail. The Advertiser says the 80th Wellington Rifles were deserving of great credit for their steadiness and good dressing.

LABOR CASTING.—The largest casting ever made in Guelph was cast at Crowe's iron works on Dominion day. It was an engine bed weighing 18,000 lbs., and intended for the engine which T. Worwick is making for Messrs. Gooderham & Worts, of Toronto. The metal was melted in two furnaces, each furnace being tapped into a ladle of 34 and 45 tons capacity, respectively. These ladles full of molten iron were swung on two cranes one to each end of the mould, and the contents poured into it. It being a holiday quite a number of persons were in the moulding shop, who, together with the workmen, made a lively scene. The cylinder and most of the other parts of the engine are made, but there are a few pieces yet to get out, including the balance wheel which is to weigh 40,000 lbs., and will be cast in ten sections.

HINTS TO CORRESPONDENTS.—The printers say, omit writing on both sides of the paper as it is often a great inconvenience to them. Omit omniscient weather reports. Never, or "hardly ever" touch the weather except in case of storms or drought. Omit the use of many words and comments. Omit replies to unpleasant personalities from other correspondents. Silence on your part will silence them in time and more effectively than all the words warfare you could wage. Omit unparaphrased personalities, and never quote larger figures than the facts which are known only to yourself and a few others. A newspaper is not a fortress behind which to shelter. Omit articles liable to stir up strife and discord between neighbors. Omit matter offered by others which your own judgment does not approve. Omit anything out of date, never quoting larger figures than the facts which are known only to yourself and a few others. A newspaper is not a fortress behind which to shelter.
