THE PROTESTANT, AND EVANGELICAL WITNESS

areas not as much from the lottiness of his ideas as from the greatness of his contrasts. It wanted in that sterp grandeur and pure pneasy which character-ised the lofty elequence of Milton himself. His was rather a rapid and wonderful exhibition of striking

Ingenious Mode of Killing a Bear.
An Irishman, living in the township of Dorr, Alleghav county, Michigan, having for some time past been in bodily fear, and sorely tried by an ugly customer in the shape of a huge black hear, which was to be the masterpiece of making ai, but still it is ab-unded in the practice of making ai, but you is to the premise, hit upon the following plan for his externing in the township of Dorr, Alleghav county, Michigan, having for some time past been in bodily fear, and sorely tried by an ugly customer in the shape of a huge black hear, which was to be the early gained the ear of the House of Consuons, where he took an active part in promise, and other measures of that exciting particit. His Harmward, he took a piece of pork, and crowded it into the mouth of the piece, and then tied a string to the advery, and other measures of that exciting particit. His Harmward, he took a piece of pork, and crowded it into the mouth of the piece, and then tied a string to the other end of the cord, with a purchase, to the trigger. Some of Bruin, as usual, came along, and melling the park, began to pull away at it, when the unappicions animal's head, killing him instanter.— Graad Rapide Engle.

Ayer's Sarsaparilla.

THE WONDER OF THE WORLD!

IST. on account of his Maymoth views, he betook himself to retirement, and began to prepare that great work which was to be the masterpisce of this life. As a politician, Lord Macaulay thoroughly sym-pathised with the Whig party and its great historic struggles During his career in Parlianent he ad-vanced many noble measures. He foll also in o the to regret, by pandering to the most extreme deuando of the Church of Rome, and helving if forward in its aggressive measures. He de early taken a dislike to the Evangelical party, and treated their view and the stands in the stands of the canes is a shall horizontal dial with two fin P. Laneg

of the Church of Rome, and helving it forward in its aggressive measures. He had early taken a dislike to represent the Elephant's trunk. At the foot aggressive measures. He had early taken a dislike to represent the Elephant's trunk. At the foot with contempt. Hisbeing ejected from Edinburgh was und-ubtedly a strong measure, but it was justified by the upp-sition of his sentiments to those of his constituents. It was a step adopted upon principle, and supported by the late Hagh Minfer, who was so pre-eminently fitted to appreciste and honor his literary of a stee adopted upon principle, and his former literary efforts. He was naturally possesed of a mind too rapid and brilliant m its con-clusions for dealing with the stern inflexibility of facts. His former writings wanted in laboriousness

clusions for dealing with the stern unexisting of facts. His former writings wanted in laboriousness and weight in properties to the rapidity of his con-clusions. The ruling power of facts has tended to error occurs, it is due to the head that directs, out chasten and purify his style -to render it more digni-fied and less evanescent. Still, even into his history, water. You hear no noise, except of the chain run-

he and less statistics. Still, even into its instory, water. You near no noise, except of the outer tails the except of the statistic are too exciting and tragical; his characters too extra effort, no uncertainty. All is impassibility and smoothness that begets the except of the international statistic are also be life-like. Neither William III., James are too exciting and traggent; his characters too ex treme to be life-like. Neither William III., James II., nor the Duke of Marlboroigh, are so much human beings as ideal men. William III. is too virtuous and noble in everything. We would like to see his virtues better contrasted with his faulta. James II., mean and base as he undoubtedly was was ecarcely such an aggregate of pure unadulterat-ed baseness and weakness as he is described in the history. The Duke of Marlborough has not grib but on the transmission with the same ease with which he would lift a baby. This machine is the invention of Sir William G. Armstrowich is buried to the same of the set of the transmission with the same ease with which he would lift a baby. This machine is the inventor of Sir William G. Armstrowich is wreater of the bistory. The Duke of Marlborough has not got justice. Poor William Penn, who has got abused under a mistake, is held up to view as the very pic-ture of hyporrisy and low rascelity. This power of Interesting Varieties.

WEAKNESS AND DEBILITY. Such as may saffer from weakness or debility, or where there is a want of energy, should at once have recourse to these Fills, as they immediately parify the blood, and act apon the main-pring of fife, giving strength and vigor to the system. Young persons entering into womanhood, with a derangement of the functions: and to mothers at the tera of life, these Fills will be the most efficacious in correcting the vide of fife that may be on the term. Young and elderly mon suffer in a similar manner at the same periods, when there is a lways danger, they should therefore undergo a coarse of this portfying medicine, which en-sures lasting health, particularly so in these latitudes.

DERANGEMENT OF THE KIDNEYS.

HOW many persons abase this delicate and beautiful orna t least in the preson abase this delicate and beautiful orna t with grease, which has an affinity for the skin and b soit ab would oched. By a wry's "Coco AINE, a someound of Cocot.as these Oil, dec., is unrivaled as a drassing for the hair-is readily interest backed, and is pressintly adapted to its various conditions a for If these Pills be used according to the printed directions, and the Ohatment rabbed over the region of the kidneys, at least ence a day, as asit is forced into ment, the Ohatment would prentrate into the kidneys, and correct any derangement of these ergans; should be suffer from stone or gravel, then the Ohatment ought to be rabbed into the next of the bindder also, and a few stays will convince the sufferer as to the setonishing effect of these two remedies. SURNETT'S COCOAINE. ese two comed

NERVOUS DISORDERS.

Any derangement of these delicate organs affects disastrous both the body and the mind. To the nervous invalid Holloway fills are an article of vital necessity. As they impart tone an vigor to the internal organs, and consequently to the nervou system which pervades and connects them, thence their mor-rellous cares of hysteria. Iow spirits, spassing its, headache servous twijchings, and other kindweld completions are all radies by reamover by the use of these invaluable Fills.

COMPLAINTS OF FEMALES.

The functional irregularities peculiar to the weaker eas, as invariably entrected without pain or inconvenience by the us of Holloway's Pitle. They are the anfast and surest medicine for all the discasses incidental to form less of all ages, and more especially as in this quarter of the world. nce by the un Masses, J.
