### OVERSEAS MAN COMES OUT IN STRONG REPORT

Health Broken On Flanders Field In World War, But He Was Entirely Made Over By Tanlac, Says McInnis.

"I have gotten my health back and gained twelve pounds besides by taking Tanlac," said Roddie McInnis, 164 Argyle St. Halifax, a veteran of the world war, having been with the 2nd. Pioneers and 5th. Engineers, C. E. F., in France.

"While I was in France my stomach became so disordered it gave me no end of trouble. I thought I would be all right when I got back, but I was very much disappointed. I had no appetite and the little I did eat caused me to bloat until I had terrible smothering sensations. I was nervous and upset for hours.

"Everybody was talking about Tanlac so I tried it. Four bottles fixed me up in fine shape. I have such a big appetite I want to eat everything, and I have no pains and no other troubles. I can't say enough for Tanlac."

Tanlac is sold by all leading druggists everywhere.

### Eaton Co. Ltd. To Install Radio Broadcasting Station

Musical Concerts, to be Arranged by Company, to be Broadcasted.

It was announced in St. John last week that a license for a radio broadcasting station has been granted to the T. Eaton Co. Ltd mail order house, Moncton. The secretary of the St. John Commercial club, Mr. Hedley V. MacKinnon, former editor of the "St. John Standard" made the announcement and further stated that it was understood that the Eaton Co would call for tenders for the proposed broadcasting station.

It would appear as though the Eaton Co. will arrange musical concerts, etc., for the installation of the broadcasting station. These concerts may be heard all over the province by any in possession of a radio receiving set.

The Federal government are working towards expediting and simplifying the development of radio telephony by amateurs. On a recent evening at St. John some radio enthusiasts there picked up a message in the Morse Code sent out by an operator on the island of Mauritius in the Indian Ocean. Morse signals have also been picked up at St. John from Paris, Poldhu, Ireland and Key West. The Marconi Company has applied for a license to establish a sending station at St. John. This equipment it is announced will be installed in the course of a few weeks.

Regarding the development of radio telephony the St. John Standard states that the Federal government is taking a very keen interest in it and to this end has arranged for licenses to be issued to every amateur who wishes to establish a receiving station and these will be on sale at every post office in the next few weeks. All that will be necessary after that will be for any person who desires to set up a receiving station to go to the post office, pay \$1, and receive his license.

### CHANGING COLOR OF CANADIAN STAMPS

Ottawa, May 8—A number of changes in the color of Canadian postage stamps are being made, to conform with the new international regulations. A straw colored one cent stamp is being issued to replace the old green cent stamp which has been in use for many years; and as the various offices exhaust their supplies of green stamps, they will be replaced with the new issue. The red two cent stamp is being replaced with a green stamp, and should a six cent stamp ever be issued it will take the red color hitherto distinguishing the two cent stamp. The five cent stamp is of a violet shade, while the ten cent stamp is blue.

### FRASER'S LOSS IS COVERED BY INSURANCE

Definite announcement was made by the Fraser Company, Limited, that their loss in the destruction by fire of their plant at Baker Brook, Madawaska County, was covered by insurance.

It is understood the plant had a value of not less than \$150,000, while the manufactured lumber and other losses at the place will bring the total fire damage up to more than \$200,000. The mill was equipped for manufacturing from 120,000 to 130,000 cedar shingles daily, about 50,000 feet of long lumber and 30,000 laths.

### Lusitania Will Be Salvaged By Party From Philadelphia

Other Ships Also on the List for Recovery, and Millions in Gold Expected To Be Brought Up.

Philadelphia, May 9—An expedition for the salvaging of the Lusitania and other ships that have gone to the bottom of the ocean in the last few years will start from this city May 25. The steamship Blakely has been chartered for the purpose by the Lusitania Salvaging Company.

No great difficulty is anticipated in salvaging the Lusitania, it was said today, because the exact position is known and the belief is that it is in an upright position. Estimates of gold that lies at the bottom of the sea run into the millions. A single passenger alone was said to have deposited \$75,000 with the purser of the Lusitania, while Mme. Antoine Depage, wife of the Medical Director of the Belgian Red Cross, was reported to have carried more than \$100,000.

London, May 8—Miss G. McCann, a student of music, residing at Ramsey, Isle of Man, makes a 200 mile journey once every fortnight to obtain lessons in pianoforte playing. This young enthusiast's journey from Ramsey to Worsley, near Manchester, involves 140 miles sea voyage and some 60 odd miles by rail. Her tutor, Mr. R. In the spring and summer Miss McCann intends to take weekly lessons.

### Liver Pains

Pains under the shoulder blades tell of liver derangements. Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Barten, Hanover, Ont., writes: "For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."
