THE NEW FERRY BOAT

It is expected that the new ferry boat will be launched this week, probably Friday. The new boat will

be called the "Frances Ullock," in honor of the young lady, whose heroic efforts saved two young people's lives in the Miramichi a year ago.

CHATHAM STATION HAS LOCKERS NOW

The C. N. R. has installed at the Chatham station for the benefit of its patrons individual lockers for parcels and baggage. All you have to do now if you want to leave your luggage for a short period is to place it in a locker, insert 10 cents in the slot, take the key and depart. Your luggage is safe until you release the lock. After the key is inserted it cannot be released without a dime being put in the slot. If your key is lost the station agent has a key that removes the entire lock.

DETAINED STEAMER ALLOWED TO SAIL

The Norwegian Steamer Utsire which had been detained, has been allowed to sail by giving a cash deposit of eight hundred dollars, the Customs Department at Ottawa having instructed the Chatham officers not to release her until that amount was put up. This is in addition to a fine of one hundred and fifty dollars each imposed on the steward and second officer in the Chatham Police Court for selling over the side liquor on which the Customs duties had not been paid.

As considerable of this sort of smuggling had been reported this year, the Department has determined to take drastic measures, with any against which proof can be obtained. It seems the steamer had called at St. Pierre with coal enroute here.

Composite School, Soldier Memorial, Open In Newcastle

The new composite High School, built as a memorial to the Newcastle heroes who gave up their lives in the World War, was officially opened Friday. The program included addresses by prominent men, cadet inspection, track and field sports and a baseball game between Richibucto and Newcastle, which Newcastle won, 11 to 10.

The speakers Dr. R. Nicholson, Fletcher Peacock, director of vocational education in New Brunswick; W. B. Snowball, ex-M. P., and C. J. Morrissy, ex-M. L. A. spoke with feeling reference to the subject of memorial. They also discussed the benefits of vocational training and the excellence of the structure, which was built by Somers and Ramsay, local contractors.

The track and field sports were started immediately after the speeches but, because of the baseball game which was to follow, all the events could not be finished. The remaining events will be held on Wednesday afternoon next.

to be a grand success in every particular.

BEAVERBROOK JOINS TURF

Lord Beaverbrook is extending his activities. Not content with aspiring to mould the political destinies of Great Britain, he has now decided to become a leading figure on the turf, according to the Westminster Gazette.

Lord Beaverbrook has never hitherto looked with a favorable eye on any personal association with the turf and has been an unfamiliar figure at Tattersah's yearling sales at Doncaster. This year, however, he purchased for 5,800 guineas, or slightly over \$30,000 dollars, one of Dudley Ward's thoroughbred colts by Gainsborough, one of Glacials, the owner previously being Lady James Douglas. It is the highest price paid for a yearling so far this year. Beaverbrook's horses will be trained by Captain Oswald Bell of Lambourne.

HARD FOUGHT DRAW AT JACQUET RIVER

JACQUET RIVER, Sept. 12—Bert Smallwood, flyweight, of Newcastle; boxed a slashed four-round draw with W. Frlotte, a local boy, before a packed house here last night. The Miramichi boy was somewhat handicapped by having a bad right hand and showed judgment in keeping his older and heavier opponent off with his left. There will be a return match here next week.

FOSTER ASPIRES TO N.B. SENATE

The Ottawa Citizen says:—
"Three senatorial vacancies yet remaining after the batch announced on Saturday will be filled very shortly."

"A strong move is being made by his friends to have Dr. John P. Mo'loy, former M. P. for Provencher, appointed to the Manitoba vacancy created by the death of Senator Bradbury."

"Delay in the appointment of the remaining senatorship in Ontario is understood to be due to difference of opinion whether it should go to Dr. Rankine or W. H. German, both members in the former parliament."

"The Ontario ministers, it is said, are not unanimous as to this selection."

"The New Brunswick vacancy is left open. Hon. Walter Foster aspires to it more than to the cabinet."

"When these appointments are made the party standing in the senate will be:

Kirk Re-Opened After 15 Years

The Presbyterian Church of Danville, Quebec, was re-opened recently after being closed for 15 years.

In 1910 the church was closed by the Presbyterians who joined the Congregationalists for worship at their church, but the partnership was dissolved when the Presbyterian section of this united church voted solidly to remain out of the union.

The Rev. Allan Reid, conducted the opening service when Rev. C. Ritchie Bell was installed as minister.

For Ten Years

"Each summer my last and principal shopping on leaving Halifax has been to purchase chocolates to bring to Boston with me."

"Will you kindly inform me if there is any agency here for the best chocolates made?"

(I refer to Moirs.)

Very sincerely yours,

H. H. MacDonald

When you think of the number of people in the United States who can't get Moirs Chocolates as easily as we can, it leads you to wonder if the annexation of the States by Canada won't someday receive a majority vote amongst Americans.
