Church Lads' Brigade.

The lads of Avalon Battalion last night paraded as usual and proceeded on a route march headed by Bursell's Bugle Band under Lance-Corp. Johnson, and their drums and bugles were in good form, and are a very useful addition to the Brigade as was evidenced on Decoration Day, July 1st, when the Bandmaster and his musical artists of the Brass Band were ordered to Wabana, Bell Island, to assist in the ceremonies there. Bursell's Bugle Band filled the gap and did themselves great credit on this occasion, and we congratulate them and hope they will continue to improve. The recruits were "busy as bees" putting in the usual drill exercises under Capt. H. A. Outerbridge, Recruiting Officer; Lieut. Phil. Rendell, Assistant Recruiting Officer; Sergt. Warren and Corp. White. The lads are hoping to get to camp. Lieut. Emerson was on duty with the educational class, as well as Lieut. Reeves with the Ambulance Dept., but Sergt. Dewling, M.M., was unfortunately absent. The Lieut.-Col. Commanding, R. F. Goodridge, and officers present were delighted to have had last night a visit from Major Raley, M.C., who very kindly offered his services to aid the Brigade in any capacity. Needless to say his offer was promptly accepted by Col. Goodridge, and the officers were all pleased to hear that he is going to assist in the work of the Brigade. Thanks, Major Raley!

Capt. Avalon Goodridge has returned to duty, having reported to the Colonel Commanding last evening. The Captain has returned from London, on business, and besides has had special interviews with the Brigade Secretary, Col. E. Rodgers. The London officer in charge told Capt. Goodridge that they considered Avalon's Battalion a model unit, and the founder of the Brigade—the late Col. Gee, who inspected the C. L. B. in St. John's personally, always had the highest opinion of the Newfoundland Regiment. Lt.-Col. Rodgers hopes to visit Newfoundland soon and see things for himself.

The Lt.-Col. had a letter during the week from Lt.-Col. Franklin, D.S.O., who is at present acting Secretary to the Hon. Sir Edgar Bowring, M.D., High Commissioner. Lt.-Col. Franklin has held a commission in the Nfld. Battalion for some 25 years, and at present holds a commission as Major. He is unable to return to Newfoundland to face the rigours of our climate, this having been forbidden by the doctors—he walks on crutches due to the wounds received on the field of honour. Col. Franklin writes in a very affectionate manner towards his old comrades in the Brigade, and in resigning his commission as Major asks to be transferred to a London C. L. B. Regiment. Referring to the late Capt. Melville, he feelingly refers to him as being one of the founders, and says if the late Captain could only see the movement which he started in 1892 as an infant organization grown to manhood as the Brigade has, he would be satisfied with his life's work.

Col. R. G. Rendell, O.B.E., had a letter from ex-Pte. Ken. Poole from Toronto, saying how gratified he was with his Brigade training in 1901, and how it stood him in good stead many a time whilst serving in the Canadian Army in France. He met many of the C. L. B. lads in the Royal Nfld. Regiment, referring to the late Capt. Charlie Strong and others, and spoke of meeting old chums in London. Pte. Poole was delighted to read in the Newfoundland papers of the unveiling of the shrine erected and presented by Col. Rendell to the brigade in memory of "Fallen Comrades gone West into the Sunset Glow." He felt this memorial was much appreciated by all the ex-members and the relatives of the fallen heroes all over Canada.

News from J. Co. Bell Island, shows that the Brigade paraded at 10 a.m. July 1st, Decoration Day, at the C.L.B. Armoury there, and were joined by the Brass Bands of Avalon Battalion, St. John's, under Lieut. Morris, and J. Co.'s own brass band, under Sergt. J. Martin. Next in order were the returned soldiers, C. L. B. and C. C. They attended their respective Churches. After the Church services the combined parade marched to the Catholic Cadet grounds, and the lads were drawn up in a square, where Lieut. Burnham, C. C. C., ordered the hands to play the Dead March in Sun in memory of old comrades from Bell Island now lying in good company with many a gallant gentleman in Flanders' Fields. The parade returned to the C.L.B. Armoury, where both Brigades were dismissed. During the evening a Garden Party was held in the field, in aid of Brigade funds. Sports were held, a feature of which was football fives, in which Bell Island lads defeated St. John's. A big dance was held in the Armoury at night music by Lieut. Morris's artists and was one of the most successful ever held on Bell Island, finishing up at 2.30 a.m. Wednesday. The lady friends of the Brigade at Bell Island served teas, and certainly maintained their reputation as first-class caterers satisfying everybody; and the Brigade wishes to thank them all sincerely for their wonderful help.

At the close of last night's parade a special Battalion Order was read by command of Lt. Col. Goodridge, consisting of a magnificent testimonial to Lt. Col. Will H. Franklin, D.S.O.,

to whose untiring energy, ability and
perseverance the Brigade mainly owes
its existence in the Dominion of Nfld.

Major Franklin's C.L.B. memory will
always be green and live in the hearts
of the lads he has left behind him.
Officers and lads cherish his memory,
and hope the "Great Commander" will
restore his health so that he may be
pared to visit his old Battalion in the
near future.

Prisoner Arrives.

The man Woodland, suspected of
stealing \$340 from Michael Barron,
of the General Hospital staff, and who
was captured at Port aux Basques,
was brought to town last evening by
Constable Humber. When arrested
at Port aux Basques, the police found
the following outfit in his possession,
which they claim was purchased by
money otherwise than that which be-
longed to Woodland. One new suit
of clothes, three suits of underclothing,
three pairs of boots (black,
white and tan), one rain coat, one
umbrella, one watch and chain, a 22
calibre rifle, two new grips and a
goodly supply of cigarettes. Cash
to the amount of about \$70 was also
found on his person. According to
the police report, Woodland, the day
on which the theft was committed,
spent about \$60, in the city, and then
entrained for Harbor Grace, where
he spent a few dollars more. When
fully outfitted he boarded the express
at Brigus Junction, with the intention
of getting out of the country and be-
yond apprehension.

Lost Good Day's Work.

During the storm of Wednesday
night, Mr. Tim Whitty, of Torbay,
lost 10 qts. of fish which were in a
cod-bag tied to the leader of his trap
which was also considerably dam-
aged. Many other traps have also
been damaged and the people have to
remain up all night to watch their
twine and boats that are on their
moorings. A large quantity of ice
is still about, and the bergs are con-
tinually foundering, which causes
great uneasiness to the fishermen.
There is a scarcity of caplin along the
shore, although they are plentiful in
deep water.

Regatta Boats Practising.

The practice boats Mary and Togo
were on the "pond" last evening, and
two Amateur, two Truckmen, two Mer-
cantile, Naval and Military and the
Quidi Vidi Juvenile crews had trial
runs. The large number which wit-
nessed the practice show that interest
in the coming regatta is as keen as
ever.

paper and enclose 2c. stamp to pay postage.

At the City Hall.

The Municipal Council held its reg-
ular weekly session last evening.
The Mayor and Councillors Morris,
Tait, Brownrigg, Ayre and Vinnicombe
were present. After the reading of min-
utes, etc., the following matters were
disposed of:

H. Blatch wrote explaining matters
in connection with his property be-
tween Merrymeeting and Freshwater
Roads. He said he was willing to give
land and pay for water and sewerage
according to his frontage. The Mayor
and Council will visit this place Friday
at 12.30 p.m.

The Nfld. Motor Assoc. were given
permission to use some material near
Headquarters, Winsor Lake, for re-
pairs to Portugal Cove Road.

Conroy, Higgins & Hunt, on behalf
of W. T. Penny, submitted statement
of damages on account of their client
being stopped in his building opera-
tions and his frontage moved back
on Barnes' Road. The Engineer
will report on this matter, and they
will be made an offer of settlement.

Bishop, Sons & Co. submitted spec-
ification of repairs to building, Water
Street. Unless the law is adhered to
regarding construction, permission
cannot be given.

James Murdoch asked permission to
place a bridge over drain opposite E.
Gittleson's house, Lemerchant Road.
Engineer will attend to the matter.

W. W. Blackall wrote regarding wa-
ter for the Recreation Hut rear of
Prince's Rink.

Bowering & Miller asked permission
to open Thomas Street for the pur-
pose of laying a sewer pipe to carry
chaff from their factory to C. L. March
& Co's furnace. Granted subject to
direction of City Engineer.

Nfld. Entertainment Co. asked if
the Council would send its Engineer to
inspect the sanitary appliances at the
Blue Putte, Rawlins' Cross, and the
electric motor they had installed.

M. Flynn asked for gravel front of
his garage on Atlantic Avenue. No
action.

W. Clancey and William Power ap-
plied for the position of driver for the
Motor Sprinkler and Flusher recently
imported by the Council. After con-
sideration, William Power was ap-
pointed to the position subject to ex-
amination and trial.

E. J. Horwood's plan of garage be-
tween Victoria and Prescott Streets,
was deferred for examination.

Plan of house for Albert Adams, Cir-
cular Road, passed.

J. Deer asked permission to repair
house, King's Bridge Road. Granted,
provided water and sewerage and
septic tank are installed.

Plan of building was submitted to
be erected for St. Joseph's Parish,
corner Factory Lane and Plymouth
Road. Passed.

M. Bambrick was given permission
to erect wagon house, Leslie St.
Plan of annex for William Ryan,
Newtown Road, was approved.

R. A. Parsons plan of bungalow,
Sudbury Street, passed, as also plan
of James Murdock's on the same St.

John Bashua asked permission to in-
stall electric motor to run ice cream
freer at 30 New Gower St. Referred
to the City Engineer.

John Critch submitted plan of ad-
dition to house Cabot St. Passed.

Patrick Gleeson's application to
raise roof of house, Freshwater Road,
was approved.

The City Engineer reported pro-
gress of sewer work on Mullock and
Belvidere Streets, and grading Hill of
Chips and Military Road.

The Health Officer's weekly report
was read.

A tender for cement from Bowring
Brothers was accepted.

As the Council has decided on open-
ing Rocky Lane for building purposes
and the owners of property there had
been notified of same, and that they
would be called upon to pay the cost
of water and sewerage pipes, making
of road, etc., the Secretary stated that
Mr. K. R. Prowse, one of the owners,
agreed to the proposal and was fully
satisfied that the property should be
developed in this manner. The Mayor
stated that Mr. Fitzpatrick also said
he would agree to the proposals. It
was decided to commence operations
at once, and open the property for
building purposes.

It was ordered that a letter be sent
to the Governor-in-Council requesting
the Government would grant the City
the City's portion of the special grant
per capital of five hundred thousand
dollars voted at the last session of the
Legislature.

After disposing of some routine
business and passing pay rolls and
bills, the meeting adjourned.

We Spent Royally for Defense.

Let Us Now Spend Wisely for Construction

We need more roads. MAKE THEM.
We need more buildings—home, public and indus-
trial. CONSTRUCT THEM.

We need wide gauge railways and equipment.
PRODUCE THEM.

We need homesteads for many of our returned
soldiers. Drain the swamp and irrigate the arid lands,
and they will "blossom like the rose."

Possibly 500,000—certainly not less than 300,000
—horse-power is literally running to waste in our
streams. We need industrial power. Harness the
streams. Build the dams. Construct the power
plants.

The IMMEDIATE carrying out of only a fraction
of our needs in these lines of production will put to
work every idle man and every idle dollar in our coun-
try.

The PURCHASING POWER of the labor and capi-
tal thus profitably employed, plus normal demand, plus
foreign demand, will keep every wheel turning, every
factor of commerce busy at top speed.

Every DOLLAR wisely expended on productive
lands, buildings, railways, good roads, power plants,
and on the development of our MINING RESOURCES,
particularly our COAL MINES and similar undertak-
ings, is an addition to the permanent wealth and in-
dustrial progress of our country.

The development of our COAL FIELDS will ac-
complish all these great things. We have possibly
THREE HUNDRED MILLION TONS of high grade
COAL on our areas, with FIFTY THOUSAND TONS
IN SIGHT.

SHARES ONLY \$1.00 EACH
