

Make your skin—"A skin you love to touch"

A BEAUTIFUL skin, soft, smooth, faultlessly clear—any girl can have this charm.

For your skin is constantly changing—each day old skin dies and new takes its place. Give this new skin the right treatment, and see how soft and lovely you can keep it.

If your skin is very sensitive and easily irritated, use each night this special treatment:

Dip a soft washcloth in warm water and hold it to your face. Now make a warm water lather of Woodbury's Facial Soap and dip your cloth up and down in it until the cloth is "fluffy" with the soft white lather. Rub this lathered cloth gently over your skin until the pores are thoroughly cleansed. Rinse first with warm, then with clear, cool water and dry carefully.

GET a cake of Woodbury's today, at any drug store or toilet goods counter, and begin this treatment tonight. A 25-cent cake of Woodbury's lasts for a month or six weeks. The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.

PIMPLES AND RASH ON FACE

And Neck. Burned and Itched. Cuticura Healed.

"I had pimples and a sort of rash on my face and neck. They would burn and itch and when I scratched would become red and scaly and peel off. It was hard for me to sleep and I dreaded to go anywhere.
"I heard of Cuticura Soap and Ointment and used them. My face began to get smooth and stopped itching and burning, and when I had used the Cuticura Soap and Ointment for about a month I was healed."

Fate of Concrete Ship.

Thrilling Experience of Crew. Crawling ashore by means of ladders, and scaling a 350 foot cliff covered with snow and ice before they could count themselves safe from the dangers of the deep which wrecked their ship, was part of the experience told the North Sydney Herald by members of the concrete steamer Permanencia, which recently became a total loss at the northwestern side of St. Pierre.

As stated in a previous issue, the ship ran into such a gale of wind, against which it was impossible to make the slightest headway and she was forced nearer and nearer the great treacherous jagged rocks by the strength of the gale which lashed in fury against them.

It was about four o'clock in the afternoon when the Permanencia struck her last resting place, as it was impossible to make the slightest headway against the gale. Realizing it was only a matter of a few minutes before the steamer would be dashed upon the rocks, Capt. Jerry Leblanc, by dint of sheer courage and almost superhuman effort managed to steer between two mighty boulders, one of which stove a large hole in the vessel's side.

In the twinkling of an eye the Permanencia was hard and fast aground, the seas crashing against her side with awful force. The crew, realizing every moment would see the ship crumbling up, succeeded after great risk in making their escape by means of a ladder which they ran from the doomed craft's side to one of the large boulders nearby. From this rock another long ladder was placed which enabled the almost perished and fatigued men to span the icy waters between the rock and the shore.

When this was reached there was only a few feet of dry land between the shore and the almost perpendicular cliff which towered hundreds of feet above them. One of the hardy crew took an axe, and after a long, tedious and thrilling experience succeeded in cutting a sufficient number of footholds in the icy walls, thus permitting the remainder of the crew to ascend to the top after many slips and twists, which on several occasions almost precipitated them to death on the rocks below.

Had the Permanencia struck when night came on, it is possible every one would have met a watery grave.—North Sydney Herald.

Skippers Getting Ready.

Three North Sydney skippers of landcoasting vessels leave by the steamer Kyle this evening for Newfoundland ports to join their ships and get them in commission for the season's work says the North Sydney Herald of March 28. They are Captain George Young of the schooner Raveria, Capt. T. Flander and Capt. Ernest Young, formerly first officer on the concrete ship Permanencia. The two former masters go to Harbor Briton where there ships are located while Capt. Ernest will go to St. John's. All three skippers will engage in the coastal trade this summer, and they expect to do a successful business during the year. Some necessary repairs will be made to the three vessels, and crews shipped from their respective ports, but if it is found impossible to obtain men there, they will be secured at North Sydney.

THE ST. JOHN'S TIMES will be on the street at 5 o'clock to-day, and will be for sale in the shops. Geo. Ayre's Censored Letter will be in it. Lots of snappy Sunday reading. One cent a copy.—Apr. 21.
