Monroe's Manifesto!

Clean Up; Keep Clean, and a Square Deal for All, is Opposition Leader's Slogan.

Bonus Will Be Paid Fishermen

1. The Public Enquiry which has been so well begun, and has resulted in such startling revelations, shall be promptly and vigorously continued to the end. Impartial justice shall be meted out to those evil-doers whose misconduct shall be disclosed by the Enquiry.

2. I am personally favourable to a bounty upon fish caught, believing that the stimulating effect would abundantly repay the expenditure. I promise that if my party be returned to power, a bounty shall be given, commensurate with the ability of the country, and in a manner best calculated to benefit the fishermen.

3. I promise that, if given power, I shall cause a careful investigation to be made into the way in which improvement can best be made in the financial methods of the country, and I shall enforce a policy of wise economy and retrenchment.

4. Earnest enquiry should be made by qualified persons how best to encourage the development of mineral resources, and I promise the appointment of a committee of qualified men to enquire and report upon this matter.

5. All labour necessary to the development of the resources of this Colony should be given to its people. They should be well paid and well housed. The profitable employment of our workmen shall be with me a prime object, and I will not tolerate anything less than a fair deal to all.

6. If empowered by your votes at this election to act in this matter, a measure embodying the repeal of the Prohibition Act, and the principles of an alternative measure, shall be introduced into the Legislature, and be referred to a joint Committee of both Houses, before which representative people shall have the opportunity to express their views fully and freely; and I shall hope to thus be enabled to procure the enactment of a satisfactory law upon this important matter.

7. Upon those who demand a thorough cleansing of public life, and an effort to clean up, to keep clean, and to give stable government to this country, I make a claim for support, and if that support be freely and strongly given, I promise the devotion of my energies to the service of my Country.

C. L. B. Cadets

The Battalion had a route march Thursday night under Lieut. Perlin to the Sand Pits and back again, via the old Railway track. Byssell's bugle band provided the music in good marching time. Some 124 all ranks were on duty, and following officers: Lieut. W. F. Rendell, C. B.R., Brigade Major Williams, Cap-

tain Philip Rendell Acting Adjutant; Lieut. Mott (Quartermaster), A. B. Perlin, Job Taylor, Hubert Rendell, and Eric Jorrett with Regt. Sergt. Major John T. Andrews. All the departments are busy arranging for the annual Outdoor Sports, June 23rd. The Committee hope to have the help of some of the expert Old Comrades to assist in training the C.L.B. track team. The annual boxing tournament of the Brigade will take place early in November. Boxers can use the Armoury and athletes can use the shower bath which is now being put into commission. Captain Phil is organizing all C.L.B. sections into various football teams, for inter-section football competition. The Rev.

John Elliott, at our last Church Parade, suggested everybody should play the game and not be fans, so Captain Phil is going to give all his boys a chance to learn the game every fine evening except Thursday, which is Battalion night for the summer season, Tuesday's parade being cancelled. Captain Phil is now looking for a field—if anybody has a field to loan will they kindly offer it promptly? Our next Church Parade will be June 18 at the Cathedral. Ex-Captain Miles was a welcome visitor to the Armory last night, taking an interest in his old boys. He is always a welcome guest at his old Headquarters. Portugal Cove and Bell Island Companies are applying for a loan of C. L.B. lantern slides which illustrate Brigade work in England. We have good news from Pouch Cove, the Rector, Rev. Arthur Tulk, is considering organizing a Company there. Lt. Col. Rendell and officers will help all they can as they feel sure that Pouch Cove Church folk can make a C.L.B. Company a decided success. Colonel Franklin, D.S.O., writes cheerfully from Nairobi, East Africa, under date of April 8th, he would like to visit his old Newfoundland C.L.B. Regiment again. His wounds still bother him considerably and he had been resting up in bed for ten days.

He, however, cheerfully and manfully carries on. He sends his congratulations to Lt. Colonel Walter Rendell for maintaining the standard of efficiency and carrying on so splendidly. He refers very kindly to the great work of the late Major Melville and the high plane of discipline laid down at the organization in Newfoundland in 1882. This has always been the basis of our plans. The Pedlars' Parade last week was a great success, thanks to the Ladies' Auxiliary. Miss Mary McKensie Bremner, who organized so well the Grand Musical March of the Pedlars, deserves a special merit of praise for her kindness in making this one of the most attractive items on the programme. We also thank the Pedlars' Orchestra, including Mr. Organ, the violinist, for their great assistance. The officers thank you, ladies and gentlemen, one and all.
