

his now throbbing with his clenched hand, and sent the heel of his boot deep into the sand, as in furious strength he stamped on the ground.

This is what Cathie says about success: "My friend, if thou hadst all the artillery of Woolwich trundling at thy back in support of an unjust thing, and infinite bonfires visibly waiting ahead of thee, to blaze centuries long for thy victory on behalf of it, I would advise thee to call halt, fling down thy baton, and say, 'In God's name, not!' Thy success?" Poor devil, what will thy success amount to? If the thing is unjust, thou hast not succeeded; no, not though bonfires blazed from North to South, and bells rang, and editors wrote leading articles, and the just thing, law, trampled out of sight to all mortal eyes, an abolished and annihilated thing. Success? In a few years thou wilt be dead and dark—all cold, eyeless, deaf; no blaze of bonfires, ding-dong of bells, or leading articles, visible or audible to thee again forever. What kind of success is that?"

Breakfast—Epps' Cocoa—GUELPH and Surrounding Country. The thorough knowledge of the natural laws which govern the operations of digestion and nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save many heavy doctors' bills.—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labeled "James Epps & Co., Homeopathic Chemists, London." Also, makers of Epps' Milky Cocoa (Cocoa and Condensed Milk).

Many persons apparently healthy on retiring, die during the intervening hours from three to five in the morning. The life force being lowest at the time nature more readily succumbs. Individuals on the shady side of forty, and whose vitality has been impaired are most susceptible. Fellows' Compound Syrup of Hypophosphites will sustain and tone the nervous system, and its use is a necessary precaution against premature mortality.

THE REASON WHY

Dr. Wheeler's Compound Elixir of Phosphates and Nutritive Tonic, because Phosphates constitutes more than half the material of the human body, and are absolutely essential to the growth of Bone, Muscle and Nerve, which cannot attain full development without them. They promote a good appetite, perfect digestion, create pure, healthy, vitalizing blood, and supply the waste constantly going on in the system as the result of mental and physical exertion. Being combined with Calaisia, the Purgative Bark, the only specific for Chills and Fever, and that condition of Nervous Prostration and General Debility arising from low vitality and exhaustive illness, it forms an elegant and agreeable, invigorating Tonic, purely physiological in its action, that may be taken safely under all circumstances, and in diseased conditions of the body, as it builds up the constitution in the same manner as our daily food.

POSITIVELY A FACT.

Mustard's Catarrh Specific
Cures Catarrh, Cold in the Head, Neuralgia, Toothache, Nervous and Sick Headache, Weak and Sore Eyes. The Specific is a new remedy, prepared from Medicinal Bark, Root, Gums and Flowers. Free from poisonous Drugs, it is harmless, novel, and philosophic in its operation. Try it if you are afflicted with the above diseases. It is also one of the best Cough and Croup Remedies extant.
Mustard's Vegetable Pills should also be used in connection with the Specific for Sick Headache and Catarrh; and those who are afflicted with Rheumatism should try Mustard's King of Oils.

The Largest of any Company in the World.

This Society has led the van in the Insurance world for many years; it has introduced more improvements and given greater impetus to the business than any Life Company in the United States, and is deserving in this respect of the praise and gratitude of the community.

There are many reasons for selecting the Equitable Life Assurance Society.

1st—No company has such large annual transactions, thereby infusing into its business a constant accession of fresh and selected lives which is one of the greatest elements of strength.

2nd—Liberality in dealing with all claims; observing the same time, a due regard to the interests of its present large body of policy-holders by a firm resistance to any attempt at imposition.

3rd—Perfect organization in every department, which renders official information easily obtainable and secures a complete administration of its affairs.

4th—Being one of the most progressive in situations of its kind in the world, it is ever prepared to seize at once upon all the improvements in the business that science can suggest.

The Equitable Life Assurance Society issues every recognized form of policy, and especially the

TONYNE SAVINGS FUND INSURANCE which the Company introduced. This plan has become very popular, as equalizing among all who are insured under it the advantages which arise from the profits of the business without in any respect infringing upon the normal results for which Life Insurance was first instituted.

The Equitable feels that it has the strongest claims upon public confidence. Under the management that distinguishes it and the principles by which it is guided, perfect security is given for the future, than which no greater inducement can be held out to all who wish to insure their lives.

Further information regarding the different kinds of Policies issued by the Society can readily be obtained at

THE COMPANY'S OFFICES, 120 Broadway, New York.

Or from any of its representatives throughout the United States and Canada.
