As intimated some time ago, Mr. Richards has resigned, and the council will be called upon to appoint a new police magistrate. Workmen employed in erecting a new residence at Fowl Bay, left a quantity of explosives on the ground when their work was done a day or se ago, which unfortunately fell into the hands of mischief loving youngsters. The Mission Sale.

The sale of lots on the townsite of Mission, held on Tuesday by Mr. A. M. Beattie, was a great success. The Islander arrived at Vancouver in time to catch the special train which started at 9 o'clock. At the lowest calculation there must have been about 1,000 people present, when after some selections from three bands, speeches were made by Mr. C. B. Sword, M.P.P. and Capt. Thompson, who, both being residents of that part of the country, were able to tell the visitors about the wonderful productiveness of the surrounding country. Mr. A. M. Beattie then mounted his stand and the sale commenced, and was continued for about an hour when an adjournment, was made for lunch, which was laid out on a table extending the whole length of one side of the large hall, the three bands in turn in the meanwhile discoursing an excellent programme of music. After lunch the sale was again proceeded with and continued, with one ahort intermission, till 6 o'clock. Altogether about 150 lots were sold amounting to about \$20,000, ranging in prices from \$25 up to \$700, which was the highest by about \$150.

Mr. Frank, accountant for B. Gordon, the grocer, came very near losing \$110 yesterday. He had the money in his pocket in the morning, in a \$100 and two \$5 bills, which he missed shortly after paying a visit to a boot-black in the neighborhood. He did not know whether he had lost his money or been robbed, and while fearing the latter, made a careful search for his money, which, however, could not be found. Then he applied to the police for assistance. A few hours later ex-Officer C. Miller, happening to be in the Prince of Wales saloon, saw the bootblack come in and change two five dollar bills. He noted the circumstance and informed Mr. Frank, who at once secured the two notes. Then Sergeant Levin, with Officer Redgrave, hunted up the shiner of shoes at his home, taxed him with the theft of the entire amount, and informed him that he was under arrest. He indignantly protested that he was innocent, and repeated his assertions until he saw the formed him that he was under arrest. He indignantly protested that he was innocent, and repeated his assertions until he saw the officers lock the door and prepare to make a thorough search of his house. Then he admitted that he had the big bill, and producing an old sock from under his bed, drew it forth. He will be charged in this morning's police court.
