-consisting of-

And is prepared to fill all orders promptly and at prices to suit the times.

The Buckeye is conceded by all to be the standard Mower. Its unprecedented success is due to its compactness and simplicity. Messrs. Frost & Wood have succeeded in making improvements that have enabled their Mower to out-distance other makes of the same style. For instance, the Tilt is perfect, and has proved so successful that other manufacturers have striven to copy and yet be sufficiently unlike to avoid the law. The Pitman protector with adjusting thread, whilst preventing the Pitman rod from injury by coming in contact with obstructions, forms a powerful front brace and keeps the cutter bar in line and prevents its sagging backward, thus
