

**USE**  
**Queenston**  
**Cement . . FOR BUILDING**  
 CONCRETE OR OTHER WALLS, CISTERNS, STABLE FLOORS,  
 HOG TROUGHS, ETC.

Write for prices and particulars. When parties use our goods, when necessary, we will send a skilled man, at our own cost, to give instructions how to build. Farmers can thus build their walls and save half the cost.

**ISAAC USHER & SONS,** - 459 - **Thorold, Ont.**

THE LATEST AND BEST IS  
**Tolton's No. 1 Double Root Cutter**

Patented September 6, 1894.

285 DO NOT FAIL TO SEE OUR EXHIBIT AT TORONTO FAIR

Being the only Double Root Cutter manufactured, and is noted for being a Safe, Rapid, and Easy Machine, and one which sells at sight after a careful inspection, as it will either pulp coarse or fine, or slice by simply turning over the centre grate and turning crank the reverse way. It is considered in either capacity superior to any single machines, and has taken first prize at every fair where exhibited, where prizes were given.

**POINTS OF MERIT**

- 1st.—To change from pulping to slicing is but the work of a moment, which can be done at the one feeding, with no loss of time and no trouble.
- 2nd.—There are two separate wheels, one for pulping and the other for slicing. Each one is specially adapted for the work it has to do, with the best of knives placed in their respective wheels in a manner to obtain the very best results possible (three for slicing and six for pulping).
- 3rd.—The united force of both wheels is always used in doing the work in either capacity. This accounts for it being a steady, easy-running, and rapid root cutter.
- 4th.—The Hopper being between the wheels, and having large lower pockets, prevents choking, and with the knife-wheels both internally shielded makes it perfectly safe and prevents the roots from acting as a break on the wheels, and also from jostling them about, so common in all other combined machines.
- 5th.—Hence the Latest and Best, and, what has been long looked for, a safe, rapid, and easy Double Root Cutter.

Soliciting your orders for same, we are, yours truly,
