It is estimated that the drill of the Monroe Commandery drill corps and Apollo Commandery, in Troy, netted \$3,000 for the orphan asylum of that city, for whose benefit the Sir Knights appeared.

The Commanderies at Baltimore have instituted a "school for officers," the result commending the effort. The officers, in delivering their orders for the various movements, do so now in a clear and distinct tone, and with more confidence and precision.

Heartily do we congratulate the sister Grand Lodge of New South Wales upon the successful outcome of its labors to raise a Widows' and Orphans' Fund. Over £1,000 have been placed to the credit of this Fund as the result of the Bazaar, and our sister colony of N. S. W. can boast not only of having erected the first Grand Lodge, the first Masonic Temple worthy of the name, but also being the first to practically testify that Masonry is capable of acting as well as talking in the matter of charity. With such an excellent example before them, surely the younger Grand Lodges must follow suit.
