

A WELL FAMED HOUSE

Amongst the principal commercial firms engaged in the sale of musical instruments, Mr. L. E. N. Pratto, of Montreal, is the best place not only in Montreal, but through all the Dominion where to purchase a piano or an organ of Canadian, American or European fabric.

Owing to his reputation of honesty exhibited in all his transactions with his customers and to his practical knowledge of the instruments he sells, Mr Pratto has soon seen with a legitimate proud his trade becoming prosperous and his firm occupying the first rank amongst the most important of this country in this line of business.

His customers comprise the most eminent artists, the first class families and almost all the religious institutions of the country. His name is as well known in the most remote parts as in the most populous cities.

This explains why we consider the musical store of Mr. L. E. N. Pratto as the most important as well on account of its popularity, the number and variety of sales made, as for the superiority of the instruments which he has so much contributed to have known and spread through all the community.

Any person wishing to purchase a piano or an organ, should not fail to pay a visit to Mr. Pratto's store to be made acquainted with his prices and conditions of sale which are most liberal. Mr. Pratto sends also, on application splendid illustrated catalogues.

The distinguished persons that occupy positions on the Board of Management, their experience in associations of the same kind, their business connections and their position in the great commercial metropolis of Canada, are a safe guarantee for the future of the Syndicate. They will put forth their whole energy and their spirit of enterprise, not to ensure the success of the work, for that is already ensured, but its thorough development.

Legally constituted only two months ago, the Syndicate has already found that the extraordinary extension of its business necessitate the transference of its original offices to other more extensive.

Without being in any way connected with other works of the same kind, the **Central Syndicate** will always feel it a duty to encourage and support the creation of other secondary syndicates in the different Provinces of Canada and to keep them to share in the advantages its own central position in Montreal confers upon it.
