HOLLOWAY'S WONDERFUL PILLS !!!

The following Case of Dropsy can scarcely be called a Cure, being so **WONDERFUL** and **EXTRAORDINARY** as to be little short of a **MIRACLE**.

Mr. JOHN ROBINSON, an opulent Farmer and Grazier, residing at Wotton, in Bedfordshire, was lately reduced to the apparent extremities of **DEATH**, being at the time so bloated with water as to be increased in size to double his usual bigness, indeed his legs had become so large round that they actually burst in three places. In this most alarming and dangerous state his Medical Man informed him, "that he could not possible live more than two days longer!" Mr. Robinson, upon hearing this, instantly dismissed his **DOCTOR**, and had recourse alone to the wonderful efficacy of **HOLLOWAY'S PILLS**, which not only saved his life, but likewise effectually expelled the water from the system, and restored him in a short space of time, by a steady perseverance in the use of the Pills, to as sound and as perfect a state of health as ever he enjoyed.

N. B. Mr. Robinson, whose life has just been saved by these Pills, is well known to most persons, not only throughout Bedfordshire, but also in the surrounding counties.

An Astonishing Cure of Confirmed Liver complaint.

Mrs. MARY SANDFORD, residing in Leather Lane, Holborn, London, had been labouring for five years under the effects of a diseased Liver, which produced Indigestion, sick Head-Aches, Dimness of the Sight, Lowness of Spirits, Irritability of Temper, Drowsiness, Occasional Swellings of the Body and Legs, with general Weakness and Debility. She attended the Hospitals, at different periods, for about three years, but she only got worse instead of better, and her recovery at last appeared quite hopeless; but notwithstanding the very bad state of her health, she was, in about two months, restored to perfect health by the means alone of this all-powerful and efficacious Medicine—**HOLLOWAY'S PILLS**.

Cure of a Case of great Debility of the System, Occasioned by the baneful use of Mercury, and the injurious effects of a long residence in Tropical Climates, by Holloway's Pills.

JAMES RICHARDS, Esq., a gentleman in the East India Company's Service, and who had resided for the last Seventeen years in different parts of India, where his constitution had become much impaired from the influence of the climate, and the injurious effects of powerful and frequent doses of that dangerous mineral, Calomel, which, together, made such inroads upon his constitution as to oblige him to return home to England, and on his arrival he placed himself for some time under the care of a celebrated Medical Practitioner, but received no benefit from that Gentleman's treatment. He was then advised by a Friend, (who had tried this medicine,) to go through a proper course of "**HOLLOWAY'S PILLS**," which he did, and in about Four Months his formerly shattered frame was so completely invigorated as to enable him to prepare himself again for his imme-

diately return to India, whither he will embark early in the coming spring of this year, 1844. This gentleman is now residing in the Regent's Park, where he is well known, in consequence of his opulence and liberality.
