"We are asked by a Correspondent, 'Which Company, for the sale of Ceylon Tea at home, does the largest business? and we really do not think that anybody can answer thindustion In all probability, the Ceylon Tea Growers, Limited (Khangani Brand), sell more Tea than most, seeing that they have no less than one thousand Agents in Great Britain alone, and, in the course of twelve months, must sell a very large quantity of Tea."

Possible City. Nevada. Net oth, Sor Donald Kennedy-Dear Ver I will state my case to you. About nine years ago I was paralyzed in my left side, and she best doctors gave me no relief for two years, and 'was advised to try your Discovery, which did its duty, and in a few months I was rotiored to health. About four years ago I became dind in my left eye by a spotted cataract. Last March I was taken with La Grippe, and was confined to my bed for three months. At the end of that time, of in the start, then it struck me that your Discovery was the thing for me i so I got a buttle, and before it was half gone I was able to go to my work in the mines. Now in regard to my eyes, as I lost my left eye, and about six months ago my right eye became affected with black spots over the sight as did the left eye—perhaps some twenty of them—but Isince I, have been using your Discovery they all left myright eye but one and, thank God, the bright light of heaven is once more making its appearance to my left eye. I am wonderfully assoniated at it, and thank God and your filedical Discovery. Yours truly, HANN WHITE.
