### MISCELLANEOUS.

It will surprise many people to learn that Rose Hartwick Thorpe, author of "Curfew Must Not Ring Tonight," is only forty-five years of age. She wrote the poem that made her famous when only sixteen years old.

Look out for colds at this season. Keep yourself well and strong by taking Hood's Sarsaparilla, the great tonic and blood purifier.

It has been estimated that out of one hundred manuscript books sent unrequested to publishers in New York, more than 90 per cent. are rejected by the house to which they are first sent and probably more than 75 per cent. never find a publisher.

The famous weekly that Dickens founded, *All the Year Round*, is now discontinued after a life of thirty-six years. Beginning with "The Tale of Two Cities," Dickens published in this weekly all of his novels, including the unfinished story of "Edwin Drood."

As novels lead in point of books published, so, also, they lead in manuscripts rejected, forming, it is said, upward of three-quarters of the bulk of rejected material. Theology, too, is a much over-written science and scores of volumes on this subject are annually declined.

### HEART DISEASE RELIEVED IN 30 MINUTES.

Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 30 minutes, and speedily effects a cure. The splendid university, of Tokio, Japan, with its faculties of law, medicine, science, literature and engineering attracts young men from all parts of the country. There are at least fifty thousand students of various sexes, grades and ages in the capital aside from those born in the city itself.

Though the French Government builds fine school houses in its communes, and provides for the training of teachers, village schoolmasters are hard to find, and the supply is falling off every year. *Le Temps* suggests doing away with them entirely, and putting the education of boys as well as girls, up to the age of twelve, into the hands of women teachers.

### HOW EDITORS ARE TREATED IN CHINA.

Nineteen hundred editors of a Pekin paper are said to have been beheaded. Some would shudder at such slaughter, who are heedless of the fact that Consumption is ready to fasten its fatal hold on themselves. Dr. Pierce's Golden Medical Discovery is the efficient remedy for weak lungs, spitting of blood, shortness of breath, bronchitis, asthma, severe coughs, and kindred affections.

Stamps, La Fayette Co., Arkansas.

DR. R. V. PIERCE: Dear Sir—I will say this to you, that consumption is hereditary in my wife's family; some have already died with the disease. My wife has a sister, Mrs. E. A. Cleary, that was taken with consumption. She used your "Golden Medical Discovery," and, to the surprise of her many friends, she got well. My wife has also had hemorrhages from the lungs, and her sister insisted on her using the "Golden Medical Discovery." I consented to her using it, and it cured her. She has had no symptoms of consumption for the past six years.

Yours very truly,  
W. C. ROGERS, M.D.

Delicate diseases in either sex, how ever induced, speedily cured. Book sent securely sealed, 10 cents in stamps. Address, in confidence, World's Dispensary Medical Association, Buffalo, N. Y.

**CAMPBELL'S SKRETT**

FAMOUS  
Cod Liver OIL

IT IS INVALUABLE IN CONSUMPTION, CHRONIC COLDS, OBSTINATE COUGHS, WHOOPING COUGH, PULMONARY AND SCROFULOUS COMPLAINTS AND WASTING DISEASES GENERALLY.

President Fuller of the Central Turkey College reports that the institution in all its departments is having a year of most gratifying prosperity. The students now number one hundred and twenty four and the religious condition and discipline of this college are higher than in previous years.

Mr. Gladstone, speaking of his library, says that the stores of divine learning ought to be associated with those of human learning, Christianity being a religion adapted to the elevation and development of the entire nature of man. He has no objection to light literature provided it be good.

There are nearly two thousand children enrolled in Alaska schools, though there is a school population of from eight to ten thousand. The Government contributes about one-third to the support of the schools, and the other two-thirds is provided by the missionary societies. The children seem to have a great desire to know the English language, and study faithfully in the schoolroom, though they often fail to use what they learn outside, and they are uniformly well behaved in the schoolroom.
