ALCOHOL.

Alcohol is used in Turkish baths, museums and palm rooms. It also furnishes a scientific base for temperance and curtain lectures. It enters, in some form or other, into most of our industries, and through it we manufacture breadstuffs, dyes and snakes. Although it is not responsible for perpetual motion, it is the only fluid agent known to make the earth go round. It has also made two moons appear in the heavens, where only one moon was seen before.

Alcohol is manufactured in every State in the Union, including the states of matrimony and unrest. It is responsible for the crooked course of the grapevine. It sails the unbridled ocean, and sits on every street corner. It is the most consummate actor known, and in the extent of its marvellous make-ups has never been equalled by any old sleuth. It takes on every form and line,
