THE BEST JUDGES OF ENGINES

THOSE WHO BUILD HIGH-GRADE ONES.
ALL USE

The **Detroit
Sight-Feed
Lubricators**

This is equally true of Canadian as of American engine builders. They know that the valve friction must be overcome if their engines are to work at their best. They know from experience that the Detroit Lubricators do this, and where so much is at stake they want only the best. It should be the same with all engine owners. The saving our Lubricators effect will pay for themselves very soon.
