## To the Medical Profession.

P

 $\mathbf{C}$ 

ΕΡ'

The most important remedial agent ever presented to the Profession for Indigestion, Dyspepsia, Vomiting in Pregnancy, Cholera Infantum, Constipation and all Diseases arising from imperfect nutrition, containing the five active agents of digestion, viz; Pepsin Pancreatine, Diastase, or Veg. Ptyalin, Lactic and Hydrochloric Acids, in combination with Sugar of Milk.

| Pensin Wilk        | FORMULA OF ]         | LACTOPEPTINE       |
|--------------------|----------------------|--------------------|
| Person Lactic Acid |                      |                    |
|                    | Pepsin               | Lactic Acid        |
| Pancreatine        | rancreatine 6 ounces | Hydrochloric Acid. |

LACTOPEPTINE owes its great success solely to the Medical Profession, and is sold almost entirely by Physicians' Prescriptions. Its almost universal adoption by the profession is the strongest guarantee we can give that its therapeutic value has been most thoroughly established. The understand having tested LACTOPEPTINE
