A considerable quantity of hay was put up in northern Alberta this year, and will help somewhat to relieve the feed situation which is causing anxiety among cattle men all over the continent. At one point north of Edmonton between fifteen and twenty thousand tons of hay were cut and is now ready for transportation south. Arrangements are being made to facilitate the movement of it as fast as possible.

The insurance committee of the Halifax board of trade met on November 8th and discussed the subject of fire prevention. A resolution will be framed to be placed before a conference of business organizations, to be held at Amherst, December 11th. The committee consider the matter of federal importance and will appeal to the Dominion government for drastic regulations for an educative propaganda.
