## TESTIMONIALS.

MONTREAL, QUE., Nov. 15th, 1883. I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Company, and I find it composed, as represented, of Refined Metallic Zinc, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and indefinite durability.

# WHAT IS CATARRH?

From the Mail (Can.) Dec. 15. Catarrh is a mucous-purulent discharge caused by the presence and development of the vegetable parasite ameba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpuscle of uric acid, the germ poison of syphilis, mercury, toxæmia, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers,

Messrs. A. H. DIXON & SON, 305 King St. West, Toronto, Canada, and inclose stamp for their treatise on Catarrh.

What the Rev. E. B. Stevenson, B.A., a very prominent man of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.

Oakland, Ont., Canada, March 17, '85. Messrs. A. H. Dixon & Son:

DEAR SIRS,—Yours of the 15th instant to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am. I have had no return of the disease, and never felt better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that it is hard for me to realize that I am really better.

I consider that mine was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks, REV. E. B. STEVENSON.

## Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:—

"Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress without much if any relief, until I took Ayer's Sarsaparilla, by the use of two bottles of which I was completely cured. Have sold large quantities of your Sarsaparilla, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public. E. F. HARRIS, River St., Buckland, Mass., May 13, 1883.
