

A GOOD PEN!

Is one of the greatest necessities of every office. We have tried a great many makers and none seemed to quite fill the requirements until we happened upon the

"INCANDESCENT"

And we at once secured the sole agency for the Dominion of Canada. These pens are an amalgam of several metals fused by means of the application of electricity, hence the name "Incandescent," and are the very perfection of pen making. They are as smooth as a gold pen and more durable than pure steel. A sample card of five numbers will be sent to any address on receipt of 5c.

Price per Box of 1 Gross, \$1.00

FERGUSON & CO.,

SOLE AGENTS,

408 Main Street, - Winnipeg, Man.
