LEAGUE OF NATIONS TO COME UP EARLY Peace Conference to Dispose of Ideal Before Settling Terms of Peace—Many Diplomats To Urge Territorial Adjustments First. Paris, Nov. 26.—A league of nations is likely to figure before the peace conference at a very early stage of the proceedings, instead of being relegated to the close, after the territorial aspirations of the various powers are settled. The American view is that the coming congress will not be like the Vienna congress, which devoted itself principally to arranging what each power should receive as a result of the Napoleonic upheaval. According to the American view, the present war was based on certain high ideals and was not a struggle for territorial gains. Therefore, it is maintained, ideals should come before territorial aspirations in the deliberations of the congress, and these ideals having been first defined should thereafter be the main guide in national aspirations.
