HERE'S THE REASON WHY HAWAII IS GAY

The Hawaiian moonshiner has developed a product that is said to have a worse "edge" than any produced in continental United States. It is "Okolohae," which pronounced is not unlike the melody of a Swiss yodler. Prince Kahanalohe says it means in plain vernacular "hot stuff," and has a kick that would put "old settin' hen," "stump rum" and "mountain dew" in the shade. "Okolohae" is a gin made from the root of a "ti-plant" or "dracena." It is distilled in the mountains and as there are but two or three revenue agents for the locality, the Hawaiian moonshiner has a comparatively easy time

MADE FLIGHT THRU ARC DE TRIOMPHE

In defiance of an official interdiction, Frenchman, Charles Godofroi, has succeeded in flying thru the Arc de Triomphe, the feat which even the French have been moved to term a foolish feat and in practicing for which Navarre lost his life. The flight was made soon after 7 a.m. on a Nieuport of 3 metres span, fitted with a 120-horsepower LeRhone motor, the height of the opening of the Arc de Triomphe is 29.42 metres and the width between the pillars 14.82 metres. Godofroi flew up the Avenue de la Concorde, Armee thru the Arc to the Concorde, where he managed to get above the trees and turned back to Villacoublay,

SEAT IN CABINET FOR MRS. BUNDY?

Not Much Chance, Says Captain Joe, if She Depends on Dewart.

Rosedale and Avenue road, were well represented at a well-attended meeting held last night at the Margaret Eaton School on North street, on behalf of Capt. Joe Thompson, Liberal-Conservative candidate for Northeast Toronto, Section B. Standing-room was at a premium, and the meeting was enthusiastic in championship of the present government. Everything passed off very pleasantly, with here and there a humorous interlude, such as when the chairman opposed a man in the audience who opposed the O.T.A. if he had any boys or girls. "Oh, yes," quoth the other, "I have several girls."

Miss Constance Boulton, Col. Bruce, Mark Irish, Mrs. VanKoughnet, Hon. Thomas Crawford and the candidate, Capt. Joseph Thompson, were the speakers of the evening, and all pointed to the record of the Hearst government as worthy of the highest appreciation, which could be shown only by re-electing the government and putting down Miss Boulton and Col. Bruce. Miss Boulton and Col. Bruce specially commended the government for its many forms of assistance to the cause of the soldiers overseas, among which a notable help was the transmission of millions of doses of anti-toxin and vaccine. Special eulogy was reserved for both Hon. Dr. Cuddy and the new minister of reconstruction, Eric-Gen. A. E. Ross.

DEWART SUPPORTS VICTORY LOAN

Addresses Open Letter to Sir Henry Drayton, Minister of Finance.

Hope that the Victory Loan of 1919 will be oversubscribed in Canada is expressed by H. H. Dewart, M.P., in a letter sent to Sir Henry Drayton, minister of finance. Mr. Dewart gives in the new issue his unqualified support. "My Dear Sir Henry—I appreciate the vital importance of the Victory Loan, 1919, and sincerely trust that it may be oversubscribed in Canada. The people of Canada are already showing their splendid patriotism and self-denying spirit during the war. I feel assured that they will none the less demonstrate their sense of duty and obligation to those who served Canada overseas now that the war is over. Our obligations are greater, but not greater than the spirit and resourcefulness of our people to meet them. They will give generously and with a spirit of self-sacrifice, looking in return for the same economy and thrift from those who administer our funds that is demanded from the people. Yours faithfully, "H. H. Dewart."

UNION PROGRESSING WELL.

Twenty-two new members were initiated at last night's meeting of the Teamsters' Union at a well attended meeting held at the Labor Temple. The union has a total membership of 1,000, the Toronto local having 700 members. Daniel Tobin is the president. Mr. Tobin was among the men who accompanied Samuel Gompers on his trip to Europe a short while ago.

POISONS!

The Pharmacy Act, Province of Ontario, Part I, has eighteen Poisons listed, the sales of which must be registered. Part 2 has 48 Poisons listed, which a graduate must sell and label "Poison," but registration is not required for:

ALCOHOL

is not included in the above listed Poisons, nor is it listed as a powerful drug under "Powerful Drugs." (Pure) Alcohol is 65 over-proof; High Wets, 50 over-proof; Walker's Club, about 21 under proof; im. perial, 22; ordinary, 25, and, in bulk, in barrels, as low as 40 under proof.

The popular seller with me was 40 under-proof Rye, bottled Rye whiskey, as low as 50 under proof. In the business I did not get a penny for alcohol, and the small quantity sold was for medicinal purposes. The Russian national beverage is 65 over proof. Vodka was virtually unknown in Toronto until the Temperance Agitators "dug it up" in 1916 for campaign purposes.

Vodka is the Russian national beverage, and is the Russian national beverage, and being of the strength of pure alcohol, 65 over proof, it is remarkable that 190,000 of this nation are alive and kicking. The argument, as to say the least, slightly far more than any other potent any large quantities. I understand that the quantities which are used for present purposes run from 40 to 60 per cent. alcohol, and to reduce the herbs steeped in water is not under 50 per cent. of it. The public ought not to be misled by the over-zealous. JAMES A. BLEAKLEY, 112 Broadview Ave., Toronto.

FAIR PLAY FOR RETURNED SOLDIER

And Prosecution of Profiteer, Are Wallace and Schofield Slogans.

Fair play for the returned soldier and the prosecution of the profiteer were the reasons offered by the various speakers, at a meeting of the electors of Southeast Toronto in St. George's Hall last night, why Capt. James Wallace and Harry Schofield, Liberal-Conservative candidates, should be successfully returned to represent the riding at the elections on Monday.

Capt. James Wallace, candidate for seat A, reviewed the patriotic work record of the Conservative party and dealt with the beneficial legislation it had enacted during its term of service. He referred to the great success of the Hydro-Electric System had been to the province and declared that this had been made possible by the administration of the Hearst government.

Declaring himself to be out for the interest of the returned men, the speaker stated that this was the "big" to be met by competent legislation. He criticized the attitude of H. Hartley Dewart in regard to the conscription issue and stated that if the latter had had his way there would have been

no reinforcements sent to the hard-pressed Canadian army overseas. Harry Schofield, candidate for seat B, also dealt with the splendid record of the Hearst government and outlined the benefits of the workmen's compensation fund and the mothers' pension act. He urged that the electors put their shoulders to the wheel and come out and vote for a government that had been progressive and clean all thru, by returning himself and Capt. Wallace on Monday.

MAKE KELLY EVANS SURE.

Northeast Toronto (Seat B) will have the chance of doing a great thing for itself and for the province at large if it returns Col. Kelly Evans by a thumping majority on Monday next.

He is up against a stiff proposition in a constituency where the regular Tory machine is popular. But we are glad to have an opportunity of voting for the man who is not content to lie down and let the machine—which, by the way, has lost a good many votes from its wheels in this particular riding—roll over him.

Kelly Evans is a man of singular alertness and independence and vigor of mind. His views on the subject of prohibition are the same as those of the great majority of the soldiers. He is against it right off the bat, and does not want any Punsyfooters to make up his mind as to how he ought to view the nonsense. The electors, soldiers and civilians alike, if they binned with a red-blooded detestation of rant and cant, will give Kelly Evans a splendid support.—Grand Advt.

PRESIDENT LOVELY COMING.

General President Collis Lovely of the Boot and Shoe Workers' Union is visiting Toronto shortly, and will address the union on Wednesday evening.

PARISIAN HAWKERS MAKE WAR ON PRICES

The street hawkers of Paris are annoyed, seriously annoyed. They have had the byword "mercantile" thrown at their heads, and they have taken it hard. At the Bourse de Travail the other day several thousands of them—much more than a mass meeting and decided themselves to declare war on middlemen and high prices. In future, too, they intend advertising the current prices on their barrels. The Paris street hawker is a man of parts and quite often a character to boot. He will not do things by halves, but will use his efforts to bring back the good old days when cherries were sold one sou per kilo and magnificent cauliflowers two sous apiece by the old market on the Place de l'Ecole Polytechnique. She has been at her "stationnement" since 1876, but never has she seen such prices as Paris pays today.

BREADALBANE GAMES.

The Breadalbane games, one of the historic Highland gatherings, were resumed this summer, after a lapse of six years. For the athletic, dancing and piping items, the entries were both large and representative, and included well known figures of every Scottish Highland. The national dress of Scotland was much in evidence, the tartan of the Black Watch finding particular favor.
