A Sensational Clearing Of All Summer Dresses Four Splendid Lots on Sale Tuesday and Wednesday Next; \$3.00, \$5.00, \$7.00, \$10.00.

REGULAR VALUES \$10.00 TO \$35.00

It's the last chance you'll have to buy a pretty Lingerie Dress this season, because we're sure to have a tremendous rush for these bargain lots, and these are all we've left of the big collection of lovely styles which have been so marked a feature in our garment department this season.

The dresses, it is true, are not perfectly fresh; some of them, indeed, are badly dust soiled; but we've fixed prices accordingly, and when one considers how little it costs to get them perfectly laundered, the offerings appeal to one as being remarkably attractive. We recommend you to see our Window Display.

ADDRESS (

the average length of human life would not be diminished by an hour if all the drugs of Christendom were, dumped into the sea-barring, perhaps, half a dozen. Mow does electricity cure? you ask. By helping Nature. Nature will cure you if she has the power. Electricity is that power. Understand that your machin-ery is run by electricity. The stomach, heart, liver, kid-neys and digestive apparatus are run by electric energy, which is created by the digestion of food in the stomach. Most sickness and chronic disorders can be traced to the failure or breaking down of one of these organs. The failure or breaking to do its work is because its supply of electricity is insufficient. Restore that force and pain and sickness will disappear. DR. M. O. MCLAUGHLIN.
