Mr. C. C. Robinson has advised the Vilage Council that the Eagle estate must contribute towards payment of the Public School debenture rate. This estate was owned by Public School supporters, and up till the present year has paid the debenture rate. Now it is fleased by Roman Catholics, and it is claimed that the tenant has the deciding of whether the school and that the school rate shall go to the support of Separate or Public Schools. Mr. Robinson advises that only the annual school rate can go to the Separate Fechool, and that the debener and the school rate for the Public School must be met. Messrs, Hoskin and Ogden, for the executors of the estate, hold a different view, and the courts will yet, in all probability, have to settle the dispute.

OPEN EVENINGS TILL NINE O'CLOCK

Yesterday trade touched high-water mark. Some of the fattest cheques were coralled this season, and we'll vow most all the parcels, if not too large, will be found "in the stockings at the chimney" on Xmas morning. We have a lot of little secrets when we're selling, and some people are going to well remember. Never saw so many people buying furs for Xmas-giving, and we never had so nice a stock for people to select from and never so little to pay. What with Coats, Capes, Caperines, Collars, Collarettes, Muffs, Ruffs, Scarfs, Gauntlets, Mitts, Caps, Rugs and almost any price between one dollar and five hundred selection is easy, and everything we sell bears the stamp of highest quality for the money. We're scrupulously careful that nobody can pick a flaw in anything they buy of us, and that is one big reason for our being able to guarantee everything that leaves our show-rooms. Special prices for to-morrow-Friday.
