BUSY ENGLISH TURF WEEK

Sir Martin Backed For the Derby at 10 to 1-Bayard's Price 3 to 1.

LONDON, April 20.-Turfmen who confine their attention to racing under the Jockey Club rules had an off day yesterday, but with the popular Epsom spring meeting, which begins to-day, and the Sandown, Stockton and Pontefract fixtures to follow, they have a busy week

in store.

An American exhibitor at leading horse. An' American exhibitor at leading horse shows. Walter Winans, was represented in the Littleden Handicap Steeplechase by Maxwell, a five-year-old, which nearly brought off a 20 to 1 chance, but Mr. Winans' horse found more than a match in Captain T. Goodman's Kenilworth, which was ridden by his owner.

Louis W. Winans' colors were also carried in the same event on Limestone, bits failed to get placed. The last mentioned sportsman, who owns the Derby colt Sir Martin, ran Last Trumpet in the Southdown Hunt Club Steeplechase, but he, too, failed to get in the first three. The American colt Sir Martin, which was given a nice gallop at Newmarket yesterday morning, was supported in London this afternoon to win the Epsom blue ribbon. The best price obtainable about his chance was 10 to 1. His Majesty's Minoru, at 100 to 9, and Major Fife's Strickland, at 100 to 6, were alsee backed.

WHAT DR. McLAUGHLIN'S ELECTRIC

BELT HAS DONE FOR OTHERS

IT CAN DO THE SAME FOR YOU.

Dr. McLaughlin :

You Run No Risk in Using My Belt. I Take All Chances.

Do you doubt it? It so, any man or woman who will give me reasonable security can have my Belt, with all the necessary attachments suitable for their case, and they can

PAY WHEN CURED.

If you feel tired and stupid, with no ambition to get out and hustle; if you have spells of despendency and a desire to give up the fight, you need new energy. The race is to the strong. Show me a failure and I'll show you a weakling, lacking in courage, strength and ambition, three essentials to the make-up of a successful man.

I can take a man like that and pump new energy into his body while he sleeps, and in a few weeks' time transform him into a giant in strength and courage. It is proven that energy and electricity are one and the same thing. If you lack this energy you can get it only by filling your nerves with electricity. Dr. McLaughlin's Electric Belt does this. Wear it while you sleep. Feel its invigorating stream of electric life in your nerves, its vitalizing spark in your blood. You wake up in the morning full of new life, new energy, and courage enough to tackle anything.

The secret of strength is plenty of electricity in the human body. Keep it full and every organ will do its duty; pain and weakness will disappear.

My Electric Belt does this while you sleep. It pours a steady stream of soothing electricity into the nerves and organs all night long, and is taken up by them just as a sponge absorbs water. It restores strength to every part that is weak.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakens more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies.

The whole force of vitality in your body is dependent upon your animal electricity. When you lose that in any manner my Belt will replace it, and I will cure you.

Dr. McLaughlin:

Dear Sir.—A short time ago I purchased one of your Belts. I am very pleased to say that I have received great benefit from it in every way. My varicocele is almost gone, and my back is much better. Before using your Belt my nerves were in pretty bad shape—so bad that it interfered with my work. Any man can easily know what this means to me, as my health is greatly improved also, and I feel better than I have for the last five years, and only wish I had had one of your Belt's before. I have spent a considerable sum of money one way or another for different drugs, and to tell you the truth, I never thought there was a cure in the world for varicocele except an operation, as that is what a doctor told me in a London, England, hospital. I thank you for your kindness and all you have done for me. You are at liberty to make any use of this you like in any of the papers, as I know it is all true, as I have proved it for myself. I intend to recommend your Belt whenever I get a chance, as I think it is a Godsend to any person to be in good health.
