CANADA TO ESTABLISH
POLLS ACROSS BORDERMembers of Royal Flying Corps in
United States Will Vote.

Ottawa, Nov. 22.—For the first time in the history of the Dominion, Canadian polls will be established in the United States. Many Canadians have joined the Royal Flying Corps and are stationed in one of the southern states. For these military polls will be established and the men will cast their vote in the election as they are stationed in the United States. The standards of pay that were established in 1912 and 1913, are inadequate, the statement says, to meet present day prices for commodities, and for that reason the men are demanding an increase that will meet at least half the increase in the cost of living.

RETURNED SOLDIERS

The Head Office of the SOLDIERS' AID COMMISSION OF ONTARIO (Incorporated by Special Act of the Legislature of Ontario), is at No. 118 College Street, Toronto.

The public are cordially invited to co-operate with the Commission in its efforts to secure for returned soldiers and their dependents the vocational re-education of the soldier and his family. The Commission is now accepting applications from soldiers who have been discharged from the army and who are unable to find employment in the civilian world. The Commission will make application for returned soldiers and their dependents to the vocational re-education of the soldier and his family.
