

THE ST. JOHN EVENING TIMES, FRIDAY, DECEMBER 2 1904.

CANADA, GREAT COUNTRY FOR MEN OF ENTERPRISE.

Ten Young Englishmen Who Have Become Canadians Speak Highly of the West—Enroute to England For Christmas—Will Not Return Alone.

At the Grand Union yesterday, there were registered ten Englishmen enroute from the north west to their old homes in dear old England. They were all happy in anticipation of the pleasant time to be spent during the Christmas-tide and some of the party, it is understood by a Times reporter, will not return alone.

"Life in the west," said one of the number, "is all that is represented. Certainly a newcomer meets obstacles after obstacle in the initiatory stages; but after one gets down to business, these obstacles gradually disappear and there is plain sailing."

"Every calling or avocation in life has its merits or demerits," said one of the returning westerners "but the west is the country for the young man at the present day. It affords every facility for an enterprising man, one who with a little capital and one who is energetic is willing to rough it on the start. Any man starting in business, no matter what kind, finds on the start that he has an uphill fight. All the successful business men of the present day, have had their ups and downs. But by

perseverance they have succeeded. This is the situation which confronts the immigrants who locate in the northwest. The land is fertile, the crops prolific, everything bids fair for a great development."

Another member of the party, Chas. Vose, a native of Manchester, has been out here for the past two years. To the Times he said he was here simply on a tour of inspection. He had visited many places in Manitoba and the northwest. Everywhere the prospects were encouraging, but he chose Glenora, Manitoba. Mr. Vose is a sturdy type of the English race and is going back like the others to spend the holiday season at his old home.

He will return early in the new year and locate in Glenora.

During the course of conversation he said—"I came to Canada merely to look over the country. I had heard and read of this country and decided to satisfy my own mind. I have done so and am perfectly content to adopt Canada as my future home. The country is a grand one."

The party will leave for Liverpool on the Bavarian.

STRUCK BY AN ENGINE.

Two Men Slightly Injured at Sand Point Yesterday Afternoon.

A serious accident was narrowly averted last night at Sand Point. John Corey, of the steamer Bavarian, and Frank Leonard, boatswain of the steamer Lake Champlain were returning to the steamer about 10:30 o'clock and Corey attempted to cross the R. track in front of the shunting engine.

Leonard, seeing the danger his companion was in, jumped to his rescue and both men were struck by the locomotive and knocked to the side of the track. The engineer saw Corey when he attempted to cross in front of the engine, and by reversing the engine and putting on the air brakes he probably saved the

lives of the two men. As it was Corey received a cut on the back of the head and had one of his legs bruised. Leonard received cuts on head and hand. The men's wounds were dressed by a ship's surgeon.

Catarth is Certainly Curable.

In fact it is one of the most curable diseases if fragrant healing Catarrh is used. No matter how long you have suffered with catarrh you can be perfectly cured by inhaling the antiseptic vapor of Catarrh.

ozyme, which strikes at the foundation of the trouble and establishes such a healthy condition in the system that catarrhal germs simply can't exist. "I suffered from catarrh of the nose and throat for years," writes S. H. Downie of Plattsville, "My nostrils were always stuffed up and I had a most disagreeable hacking cough. Catarrh cured me completely." Catarrh is never fatal. Two months' treatment \$1.00 trial size 25c.

A London cable says that British exporters are sore on Canada's tariff regulations. They protest about the clearing price of goods in home markets that are exported to this country.

Morning News in Brief.

Local.

The monthly executive meeting of the New Brunswick S. S. Association was held last evening in German Street Baptist church. The following members were present—J. S. Simms, chairman, Rev. J. B. Ganong, field secretary, Rev. G. M. Campbell, E. R. Macdon, R. T. Hayes, Robt. Reed, J. Willard Smith, A. C. Law, Mrs. Bullock, Miss A. Maud Stillwell. The most important transaction was the appointment of an assistant secretary and Miss C. McGinty was the choice for this office.

Charlotte street Salvation barracks was well filled, last night, when staff Captain McLean showed moving pictures of the Salvation Army congress in London. The exhibition was most enjoyable.

The New Brunswick Telephone Company, have completed a metallic circuit between St. John and Chatham. A copper wire has been strung between Chatham and Fredericton and connected with the St. John-Fredericton line. The company now has a good connection with every county in the province except Restigouche and Gloucester.

The members of the Thistle Curling Club who were successful over the Neptune Club in the whist tournament, assembled in the Neptune rooms last night and received the tournament prize, a handsome picture. R. Frith, president of the Neptune Club, made the presentation.

The social season of the St. John Bearer Club was opened last evening by a dance and about 200 guests were present. The rooms were decorated with evergreen and bunting.

The committee of management, consisted of P. T. McKean, Frederick Jones, Robert Atchison, O. Banks and F. McDonald.

There was a large attendance at the annual Church of England concert, last evening. A musical programme was given in which Miss Payne, Mrs. H. B. Schofield, Mr. Way and Master Allan Sturges took part. After the concert the second reading of the papers and magazines in the institute reading room was sold by W. S. Fisher.

At the monthly meeting of the lady directors of the Protestant Orphan Asylum yesterday afternoon, it was decided to have the two Christmas trees as usual this year. An appeal will be made to all those willing to donate toys, etc.

A ship laborer named London fell off the staging between Nos. 2 and 3 warehouses, last night, and injured his side so severely that he had to return to his home. He fell about five feet into the trestle.

Miller's mill was closed down for the season yesterday and it is probable that within a week or so the majority of the other mills will also close, but a few will run all winter. The season, it is reported, has not been a good one. Losses have been costly and prices for deals not high.

Principal W. J. Stewart of the school for the deaf at Lancaster has resigned his position owing to friction with the board of management. Mr. Stewart will sail by the "Bovarian" Saturday for his home in Ireland.

Provincial.

Another influx of politicians arrived at Moncton yesterday to interview the minister of railways. Among the number were Alex. Gibson, Jr., ex-M. P., York; Dr. H. B. Hay, defeated liberal candidate in Queens-Sunbury; Premier Tweedie, D. G. Smith, Chatham; A. B. Copp, C. M. Legere, M. P. P.'s: Coun. Hickman, Dorchester, Conn. Carter, Salisbury. Mr. Emmerson, who returned to the city from Dorchester at 10 o'clock kept close to his car most of the day receiving delegations.

An important conference took place at Sydney yesterday between the management of the Dominion Coal Company and representatives of miners P. W. A. ledges with respect to a three-years' contract, which the company is seeking from them at the present wages. The conference lasted four hours, but no definite conclusions were reached.

General.

The Canadian Manufacturers' Association is complaining to the railway commission that the Grand Trunk is discriminating. It is said that while the company accepts New York export rates at Portland and Boston, they deny the privilege to shippers sending their goods by St. John, unless sent by the Intercolonial. The manufacturers' association say that the mileage is against the I. C. R., and that the officials do not hesitate for business.

The new governor-general, Earl Grey, will be greeted by a royal salute on his arrival in Halifax harbor. There will be the guard of honor or usual upon such occasions. Lieut. Governor Jones wants to make the affair memorable, and has asked the militia authorities to line the Halifax streets with troops.

President Hays, of the Grand Trunk Pacific, returned to Montreal yesterday from New York, where he sold the first lot of Grand Trunk Pacific bonds placed on the market. He disposed of \$14,000,000 four per cent at 96; \$6,000,000 for the Lake Superior division, and \$8,000,000 for the Winnipeg division.

THE ELECTED CANDIDATE.

The breakfast food which will carry out its ante election promises most faithfully is certainly "SWISS FOOD." Easy to digest, strengthening—palatable. P. McIntosh & Son, Millers, Toronto.

Hanson—They tell me your wife is a model housekeeper. Grant—Yes, she's so neat and tidy you can't find anything at my home when you want it.

STARVED TO DEATH.

Our text to-day is the story of the miser who taught his ass to live on straw, of which he gave him a smaller portion every day.

Just as the miser had got him so trained as to eat one straw a day—the poor ass died.

He is an ass who starves himself to death—thousands are doing, misled by foolish teachers—because their stomachs have become too weak through neglect or disease, to do the work which nature has provided for their stomachs to do.

Because the engine is out of gear, would you consign it to the junk heap?

You can never get a new stomach. You must mend it, or it will lead you to a miserable existence.

The only way to mend it is to take Stuart's Dyspepsia Tablets.

This has been practically, and scientifically demonstrated by the many thousands whom Stuart's Dyspepsia Tablets have positively cured, after every other treatment of medicine, mineral waters, pills, and slow, suicidal starvation, had failed.

These methods are all unscientific—therefore false.

Stuart's Dyspepsia Tablets are scientific—therefore true, and successful.

Having cured so many thousands—many of whom doubtless have suffered more than you do—do we claim too much when we say that Stuart's Dyspepsia Tablets will surely do good to you?

Surely not.

Especially when we make it plain that no promise is made to cure more than one disease—Dyspepsia.

Stuart's Dyspepsia Tablets are a positive cure for just this one disease.

They are a scientific combination of ingredients which search out the weak spots in all the digestive organs and make them strong and well. They have an immediate digestive action on undigested food, and thus, while curing weak organs, they at the same time help them to do their work.

They thus stand for all that is good in the medical treatment of Dyspepsia, and for nothing that is bad.

They are not a fad but a fact. They are safe, pleasant, certain and permanent, and can be taken by the most delicate invalids without fear of harmful results.

The Income of the Mutual Reserve Life Insurance Company of New York to do business in Massachusetts was revoked at Boston yesterday by Insurance Commissioner Cutting. The revocation is based on the company's alleged refusal to permit an examination of its books by Deputy Commissioner Hardison and S. H. Wolfe of New York, a well known actuary.
