

Through the instrumentality of the Society eight young ladies have enjoyed the advantage of attending the classes of the Art Association during the year. A councillor of the association very generously assumed payment of the fees of four pupils for the session, those of the remaining four being paid out of the funds of the Society. The work of the pupils was favourably noticed by the press, and some of their pictures were disposed of at the recent exhibition of the Royal Canadian Academy.

The present premises were originally taken for one or three years, and having proved satisfactory, it has been decided to continue the occupation of them for the full term of the lease.

The Executive Committee wish to express their continued appreciation of the services of Miss Esdaile and her assistant Miss Brock, to whose warm interest and constant efforts in behalf of the Society much of the success that has attended the year's work may be attributed.

The thanks of the Society are tendered to the council of the Art Association for their liberality in receiving pupils at slightly reduced rates ; to the Medico-Chirurgical Society for the use of their room for the last annual meeting ; to Messrs. Hall & Scott, and Mr. W. V. Gordon for many favours ; to Mr. F. W. Thomas for subscription to library, thus enabling the Society to subscribe for two art papers, which materially help the rooms in suggestions for new work ; and to the anonymous friend who generously placed a telephone in the rooms, free of charge for a year.

J. E. HILL,

*Secretary.*
