

They also request me to state  
that they are the majority of  
the Band, with one Councilor  
at their Head and this I  
found correct on enquiry,  
and that the Chiefs and  
followers are all half-bred.

They also inform me that  
the chief before leaving the  
Reserve killed all the cattle  
remaining of those supplied  
by the Government.

Should the Department see  
fit to grant them these privileges  
the payment could be made  
immediately after the  
Day Payments, and all  
could be ~~made~~ done by  
water very conveniently and  
result with great satisfaction  
to all concerned.
