

They also request me to state
that they are the majority of
the Band, with one Councilor
at their Head and this I
found correct on enquiry,
and that the Chiefs and
followers are all Half-Breeds.

They also inform me that
the chief before leaving the
Reserve killed all the Cattle
remaining of those supplied
by the Government.

Should the Department see
fit to grant them these privileges
the payment could be made
immediately after the Qu
day payments, and all
could be ~~made~~ done by
water very conveniently and
result with great satisfaction
to all concerned.

I have the honor to
